

MacBook Guide

Getting Started

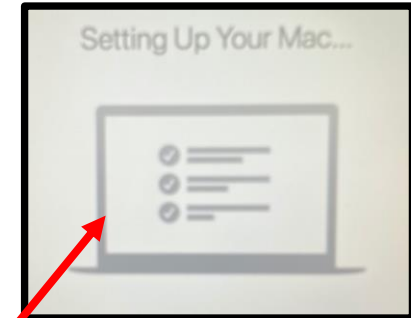

If in district and there is a red dot you have to wait until the red dot is gone. Once the dot is gone the MacBook is connected to the Internet.

MacBook Guide Getting Started at Home

Steps:

1. Select "Create Now"
2. On the Data & Privacy screen select "Continue"

3. Allow the "Setting Up Your Mac" screen to process.
4. Enter your username and password.

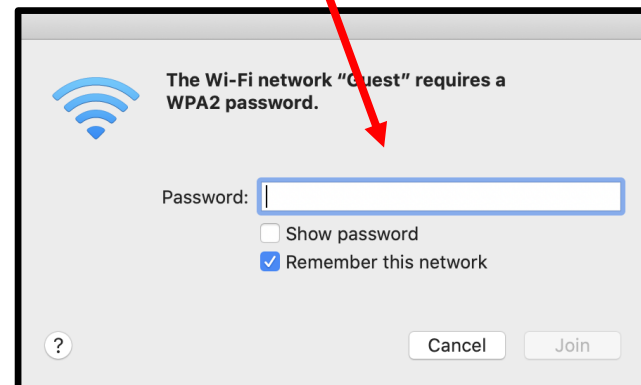

Connect to Wi-Fi

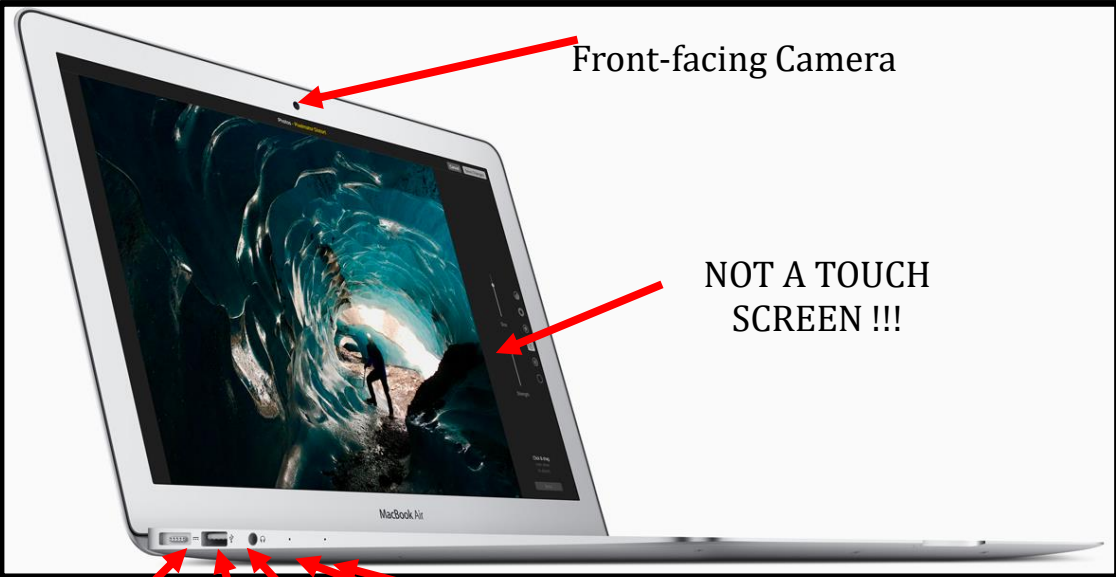

Steps

1. Locate and select the Wi-Fi icon in the Menu Bar.
2. If Wi-Fi is off, choose "Turn Wi-Fi On."
3. Select your home Wi-Fi or Hotspot.
4. Enter your home Wi-Fi or Hotspot password.

MacBook Components

Charging Port

USB 2.0 Port

Headphone Jack

Microphones

This text block contains four labels with red arrows pointing to the ports on the left side of the MacBook Air. From left to right, the labels are: 'Charging Port' (pointing to the MagSafe port), 'USB 2.0 Port' (pointing to the USB port), 'Headphone Jack' (pointing to the 3.5mm audio jack), and 'Microphones' (pointing to the two small circular microphone holes).

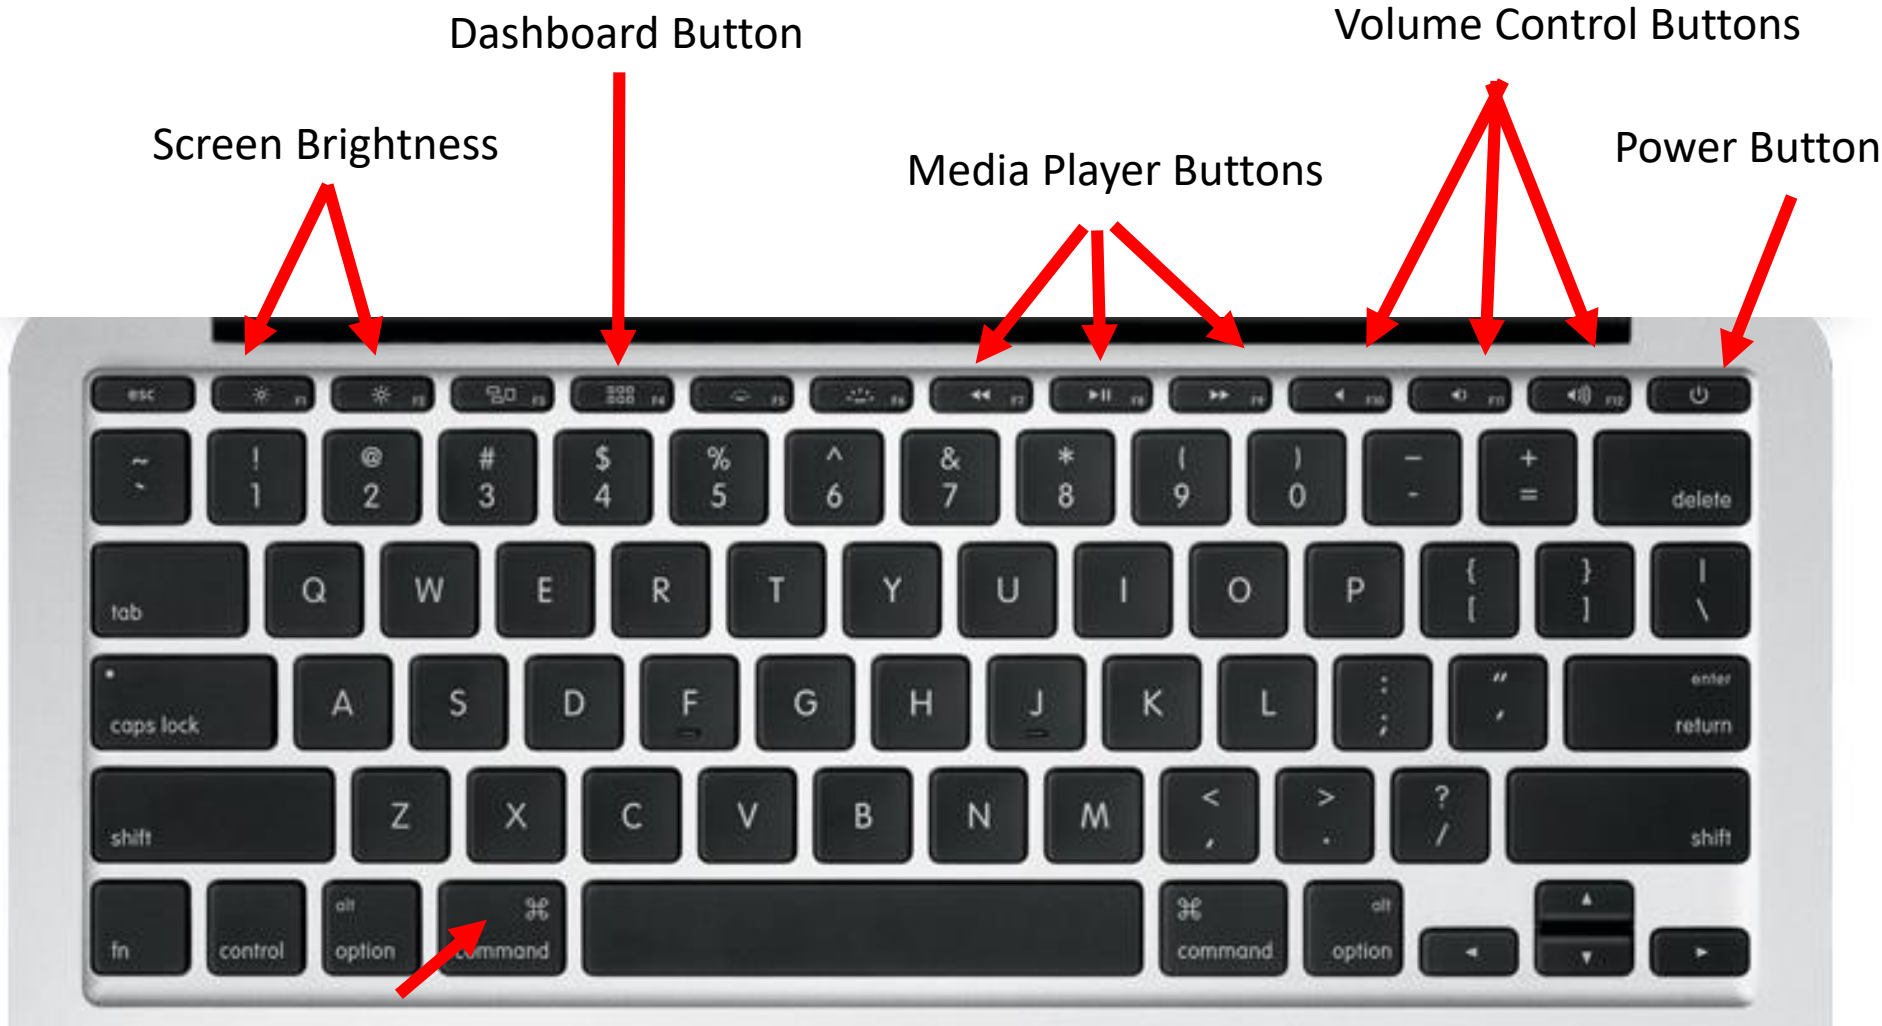

SD Card Port

USB 2.0 Port

Mini-Display Port

This text block contains three labels with red arrows pointing to the ports on the right side of the MacBook Air. From left to right, the labels are: 'SD Card Port' (pointing to the SD card slot), 'USB 2.0 Port' (pointing to the USB port), and 'Mini-Display Port' (pointing to the Mini-DVI port).

MacBook Keyboard Function Keys

Modifier Key Used for keyboard shortcuts.

MacBook Touch Pad Controls

Two-Finger Scroll

Brush two fingers along the Multi-Touch surface to scroll in any direction — vertically, horizontally, or diagonally.

Pinch Open & Close

Pinch to zoom in and out of photos, increase font sizes in web pages, and more.

Rotate

With your thumb and index finger positioned on the Multi-Touch surface, turn clockwise or counterclockwise to rotate an image.

Three-Finger Swipe to Navigate

Using three fingers, brush left and right along the Multi-Touch surface to swipe forward and back.

Click

Press down anywhere on the Multi-Touch surface to physically click or double-click. Or, with "Tap to Click" enabled in System Preferences, simply tap or double-tap the surface.

Scroll

Brush two fingers along the Multi-Touch surface to scroll in any direction — vertically, horizontally, or diagonally.

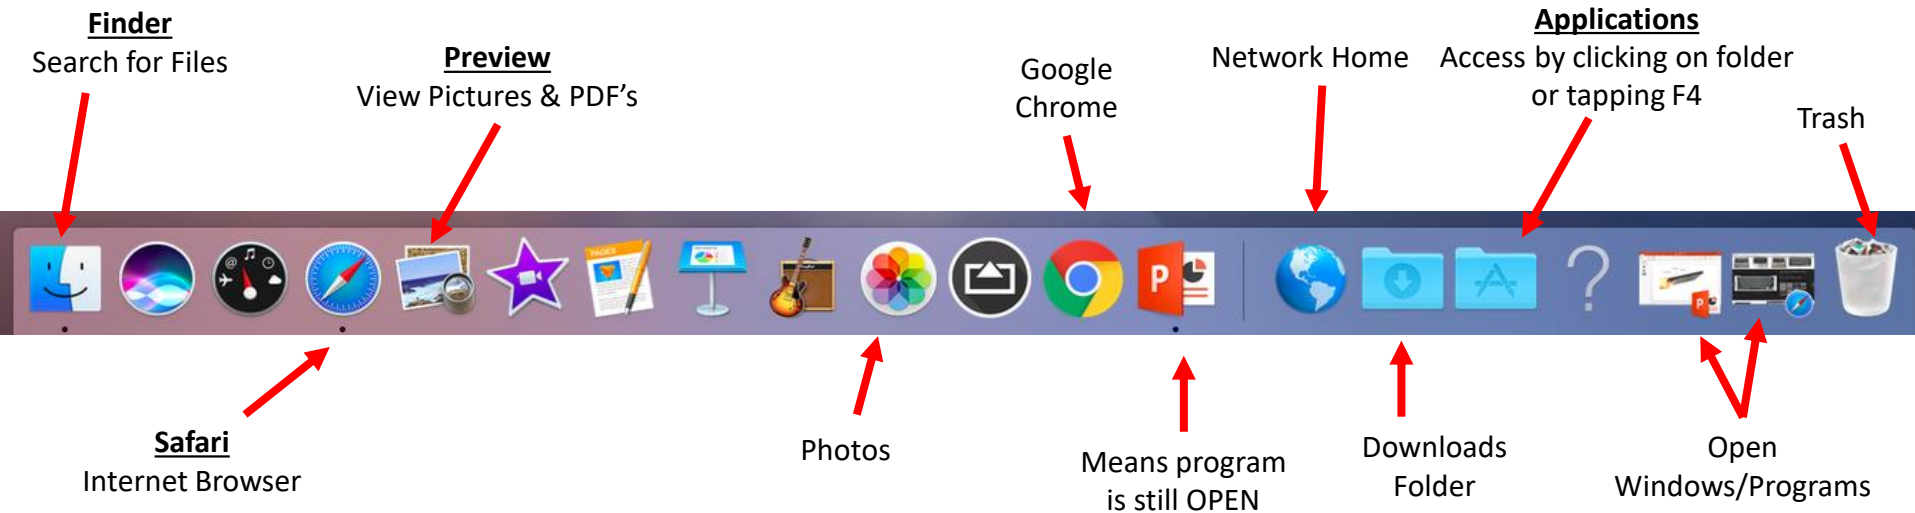

Right Click: Hold down CONTROL + CLICK
