The Educator's Guide to

Flipgrid

By: Sean Fahey, Karly Moura
& Jennifer Saarinen

Version 4   Fall 2019

The Educator Dashboard

Flipgrid Lingo

Educator Dashboard
This is where you go as an educator to manage your grids and topics, can view and provide feedback to student responses and replies, as well as explore the Disco Library and so much more!

Grids
A Grid is your community of learners. Name your Grid and create a custom Flip Code (or use the auto-generated one).

Topics
Topics are your discussion starters or prompts. Students respond to Topics.

Responses
These are the students' videos they record or upload from their device and add to the Topic. This is how they share their voice!

Replies
When activated, replies take the discussion one step further by allowing users to add a response or "reply" to a response that was added to the Topic.

Topic Guests (Guest Mode)
Educators have an opportunity to invite guests to a topic. This is an incredible way to include guest speakers or parents on to a topic that is set up as a School Email or Student ID community.

Camera (Recorder)
Flipgrid has its very own recorder built into the app. You must download the Creator's Guide to Flipgrid written by our friend Mike Mohammed.

Shorts
Shorts is the camera application built into the Flipgrid platform and accessible through the Educator Dashboard. Creator's Guide to Flipgrid Camera and Shorts.

Quick Response Codes
Sharing QR codes with your grid community is a quick and easy way for visitors to interact with others on Flipgrid!

Need more assistance? Check out the Flipgrd help articles and you'll be amplifying student voices in no time.

Creating Your Account

Go to www.flipgrid.com and select "Educator Signup" in the top right corner.

Educator Signup

Step 1:
Create your account by logging in with your Google or Microsoft account.

Step 2:
Share a little about yourself as an educator by entering in your information and clicking the green "Create account" button.

Your Profile
To finish creating your **Educator Account**, please tell us about your classroom.

First name: Flipgrid
Last name: EBook

— Select a Country/Region —

School/Organization Name

Grade/age of your learner community

Your subject/area of expertise

See our Do's and Don'ts for Flipgrid best practices and make sure to collect consent forms from all students before onboarding them to the platform.

By continuing, I agree to Flipgrid's **Terms of Use** and **Privacy Policy**.

Congratulations!
You're one step closer to amplifying student voice!

Creating a Grid

Once you create your account you will be walked through creating your first Grid. The great thing about Flipgrid is that it is laid out very nicely and is easy to use. Below are the steps you can come back to when needing to create more Grids.

My Grids

A Grid is your classroom. Add Topics to Grids to spark a di...

0 seconds of total engagement time across your Grids!

Looks like you're just starting out! Check back to see how engaged your users are!

Add New Grid 2 Grids

Search Grids

Name	Flip Code	Activity	Last Updated ⌄

Select **Add New Grid** to get started!

Let's Make a Grid!

Name your Grid

e.g., Language Arts, Hour 1   0/45

Select a Grid Type

Grid types make it easy to control who can join. Learn more

🏫 **School Email**
Students join using their Microsoft or Google school email.

🎒 **Student ID**
Create a list of student IDs to join your Grid [not for EU].

🌎 **Public and PLCs**
Share the Grid with your network and the world.

**Create a Flip Code**
Students use this to join your Grid.

flipgrid.com/ebook2181   9/20

Available

Next

Create your new Grid in three easy steps:

1) Name your Grid! (ELA 1, Our Math Class, etc)
2) Select the Grid type that best fits your needs. (See Grid Types on page 2.)
3) Customize your Grid's Flip Code (optional)
4) Click the red "Next" button.

Your Grid is Ready!

We've created an introduction Topic to start the discussion.

Let's kickstart the discussion!
Share the Flip Code below with your students.

flipgrid.com/ebook4   **Copy**

</ > 📧 👤 💬

All set!

School Email Domain – Students enter the Flip Code and verify their school email using Microsoft or Google.

Student ID List – Students enter the Flip Code and their unique ID or scan a QR code for verification.

PLC and Public – Allow anyone to view videos with just the Flip Code. To record a video, participants verify their email address via Microsoft or Google.

Yay! You did it! Now decide how to share your Grid to your learners. You can simply copy and paste the URL or use one of the buttons to quickly get an embed code or share to Teams, Google Classroom, or Remind.

Customize Your Grids

After you create your Grid, you can find it under the "My Grids" section at the top of the Educator Dashboard.

The Grid features carry through to all of the topics that are in a grid. Depending on your preferences, toggle the features on or off. With some of the new accessibility features, ie; Immersive Reader for Video Responses, you will need to have captions toggled on.
You also have an opportunity to customize your grid cover by selecting from Fligprid's library of cover images or uploading your own.
Update Grid and you're ready to add topics!

Adding Topics: The Essentials

Whenever you add a new Grid, it automatically creates an intro topic. Super awesome! To add more Topics begin at the "My Grids" tab, select the name of the Grid you would like to add a Topic to. You are now in the Grid Details view. Next, select the red "Add New Topic" button.

Create a New Topic! 🎉

Topics are where your students record their videos. Visit the **Disco Library** to explore shared Topics by educators from around the w...

Topic Essentials

Title

Topic title   0/35

Recording Time

1 minute 30 seconds

> Adjust the Response time to fit the needs of the Topic and your students.

Prompt

⟲ ⟳ **B** *I* ⟍ ⚭ ✐

Add a question or stimulus te...

> You'll need to add a title and prompt to your Topic. These are required. The prompt is where you add any directions and/or questions students will read to know what to respond about.

Focus Optional

Add a media resource to engage your students.

| Record a Video | Upload a Video | Add a Video | Upload an image | Add a Giphy | Add an Emoji |

| Microsoft | Google | Kahoot! | Wakelet | Nearpod | Newsela | Adobe Spark | Wonderopolis |

> Bring life to your Topic by adding a Topic Focus! It's an optional setting, but can help get your students engaged in your Topic before creating and adding their response.

More Options   **Create Topic**

Completing the steps above and clicking the red "Create Topic" button are the bare minimum to get a new Topic added to your Grid. However, check out the next page for other ways you can customize your Topics if you click "More Options" before creating your topic.

Adding Topics: More Options

Topic Tip ⭐
Add a tip to help your students best answer the Topic.

Topic tip

> "Look into the camera.", "Speak slowly.", "Cite your evidence." are examples of a Topic Tip.

Topic Attachments
Attach up to 9 external links (OneNote, Google Docs, Dropbox, YouTube, etc.) to this Topic.

Feature Link

Link must be a valid URL

Attachment Title

Add another Attachment

> Add a file attachment as an extra resource for your students when they are preparing to add a Response. This could be a HyperDoc, an image, website, etc.

> With Video Moderation turned on, responses to a Topic will not be seen publicly until approved by the teacher.

Topic Status

Video Moderation ✋
If moderated, videos will be hidden from students until you activate them.

Status
Make your Topic Active, Frozen (view-only) or Hidden.

Active

Student-to-Student Replies
Allow students to Reply via video to another student.

Launch & Freeze Dates
Schedule an Active (12:01am) and Frozen (11:59pm) date. Your timezone is set to America/Indianapolis. Update your timezone.

08/02/2019 → Never ✕

> Make sure to customize the Video Features you would like your learners to have access to whenever submitting responses and when watching responses that have been added to the Topic.

Video Features

Video and Selfie Styles
Students can add filters, stickers, drawing, and text to their videos and selfies.

Selfies and Videos

Video Editing
Students can trim and rearrange video clips.

Video Title
Students can add a title (80 characters max). Add hashtags for searchability.

Attachment Link
Allow students to include an external link with their video (e.g., OneNote, Google Doc, etc.).

View Count
Display the number of views a video has received.

Likes
Allow students to like other student videos.

Feedback

Basic Feedback
Provide basic feedback on a Response based on student verbalization and clarity of expressed ideas.

Custom Feedback
Build and assign custom feedback rubrics based on the needs and qualifications of your classroom.

Provide basic feedback on a video based on student verbalization and clarity of expressed ideas.

☑ Performance

☑ Ideas

> Choose a feedback setting for student Responses. This feature is to allow private educator feedback to students. The basic feedback is the default setting, while Custom Feedback allows educators to create their own rubrics.

To provide feedback, access the video responses through your Educator Dashboard. We discuss giving feedback in more detail on page 12 of this ebook.

Managing Flipgrid

Managing Grids

Under the *My Grids* section of the Educator Dashboard, you will see a list of all your Grids where you can manage and edit them.

My Grids

A Grid is your classroom. Add Topics to Grids to spark a discussion. Need help getting started? **Explore the Innovation Station** for GridTips and more!

Actions dropdown (topics):
- 😀 Activate Topics
- 😴 Hide Topics
- ❄️ Freeze Topics
- ⛔ Delete Topics

Individual topic Actions dropdown:
- ✏️ Edit Topic
- Add Topic Guests
- Add to Disco Library
- 🚌 Move Topic
- 👫 Duplicate Topic
- ⛔ Delete Topic

Click the Actions dropdown on a individual topic to access additional functions like turning on Guest Mode, duplicating or moving a topic to a new Grid.

Managing Video Responses

There is no greater joy than seeing student voices being added to every single topic. As educators we have our own organizational methods in which you may want those response videos to display when students access the grid again to watch and maybe reply to responses. Flipgrid allows for teachers to take "batch actions" for responses in each topic.

With just a few clicks you can select (or deselect) all videos in a topic and then take action.
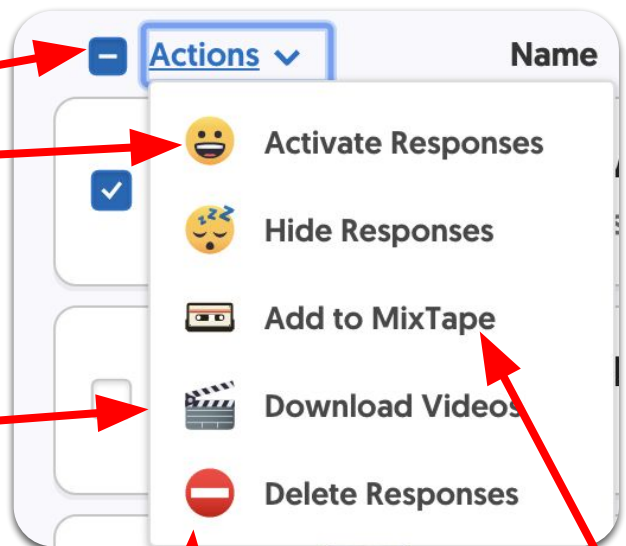

This makes it easy to activate all responses on a moderated topic after the due date!

Select a few or all responses in a topic and choose "Download Videos" and move on! Flipgrid will email you a zip file attached when those videos are ready!
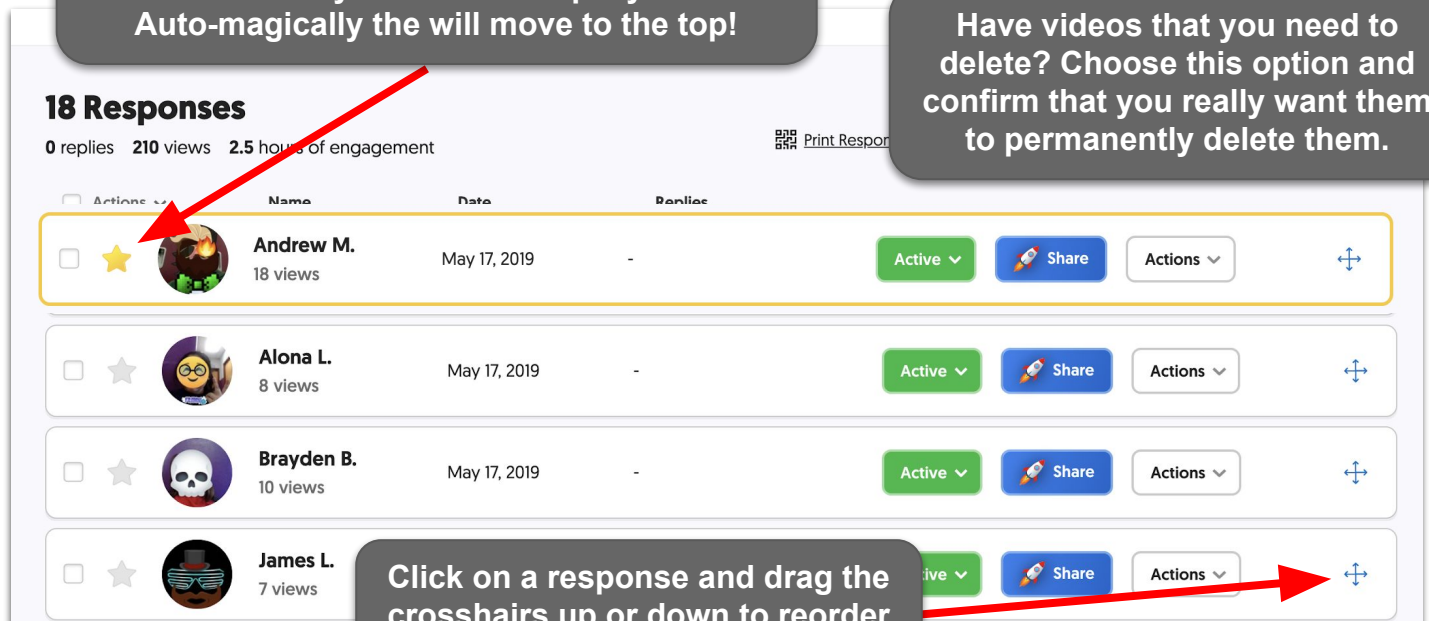

Click on the star of any response to have it become a favorite at the top of all videos. Choose as many stars of the topic you want! Auto-magically the will move to the top!

Select as many responses from the topic and add to the desired MixTape.

Have videos that you need to delete? Choose this option and confirm that you really want them to permanently delete them.

Click on a response and drag the crosshairs up or down to reorder the videos within a topic!

☐ Actions ∨   Name

Spark

Have a student response that is out of this world or very thought provoking? Educators can spark any response into a Topic. This creates a new Topic in the grid based on that unique response as the Topic Resource.

		Name	Date	Replies			
☐	⭐	**Claudio Zavala Jr** 17 views	Aug 19, 2018		Active ⌄	Share	Actions ⌄
☐	⭐	**Joe Merrill** 14 views	Aug 19, 2018	-	Active ⌄		

Actions dropdown:
- Edit Response
- Add to MixTapes
- **Spark Response**
- Move Response
- Duplicate Response
- Download Video
- Download Selfie
- 🚫 **Delete Response**

Locate the student response you wish to Spark in the Educator Dashboard. Using the actions dropdown for that response, select Spark Response. This will open a window to edit and create the new Topic. After sparking a response a flame icon will appear on the response selfie.

Vibes

Educators can provide custom messages or feedback to students that are visible for all to see. Vibes will be shown at the top of their video response in a Topic.

Leave a Vibe!

User Experience

Grid View

When you invite people to your grid, they will visit the "pinned" topic of the Grid. This makes it easy for students to know exactly what they should be focused on when they land on your grid. Visitors will still be able to navigate to other topics on the grid using the drop down menu below the Grid Cover Image.

Turn on Dark Mode and Click the three dots or your name for more Grid actions

Use the drop down menu to explore other Topics that are the Grid.

For whatever Topic is shown in the top drop down menu, Here is were you will see the Topic Prompt and Focus displayed.

When ready to add a response to the Topic, click the green button with the white plus to open up the Flipgrid camera and prepare to add your magical voice!

Adding Responses

You have two options when adding a response to a Topic. Record a response using your device's camera or upload a previously saved video from a file. Either way follows the same basic steps.

Remember to add a response always start with the green button with the white plus sign. Clicking this will open the Flipgrid Camera.

1:30

Record a video. You have 1 minute 30 seconds.
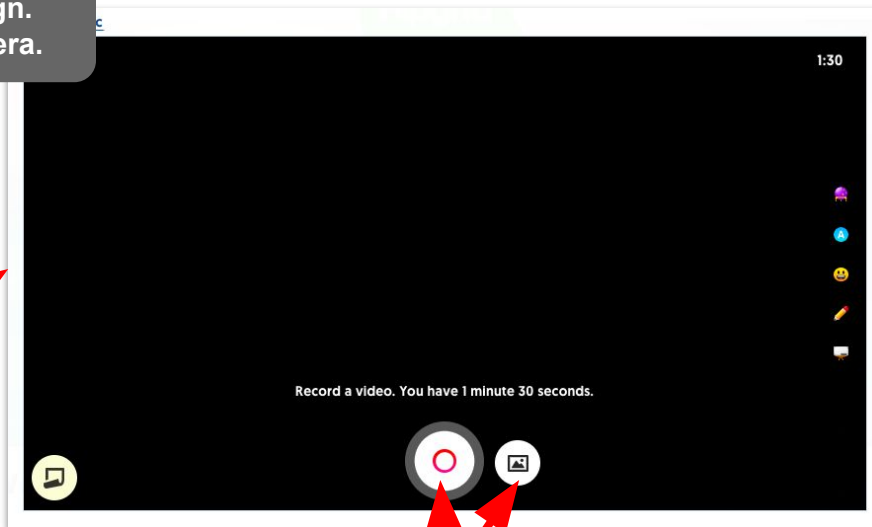

Click the record button to begin to recording your response using your device's camera or use the photo button to import a video file,

The Creator's Guide to

Flipgrid

Camera & Shorts

By Mike Mohammad

bit.ly/flipgridcamera

There is sooo much more to the new Flipgrid camera than just opening it and making a recording. Luckily our good friend Mike Mohammad put together a great supplementary guide to help everyone dive deeper and get familiar with all the features that are built into it. If you want to check out just the basics we recommend starting with pages 4, 5 and 8. and watching the videos Mike created and put in this MixTape **flipgrid.com/+flipgridcamera**.

Immersive Reader

Microsoft

Flipgrid has the power of Microsoft's Immersive Reader tool built into the Topics of every Grid and video response!
With the Immersive Reader, students can:

- Have text read aloud
- Change text size, font, spacing, and color
- Color code different parts of speech
- Break down words into syllables
- Enable a visual focus tool
- Improve understanding of words with a picture dictionary

If you have time, rep... persevere during m...

Collaborate with Flipgrid

GridPals

Student Voice Ambassador Bonnie McClelland created a movement with her vision to connect classrooms all over the world when she started #GridPals. Now, as an integration into the Educator Dashboard, you can make yourself available and search for other educators to connect with as #GridPals.

Connect with fellow Flipgrid educators and classrooms around the world! First, make sure your profile is up to date with the grade and subjects you teach as well as your social media accounts. Next, click the Active button below to activate your #GridPals status and start connecting!
Want to learn even MORE about #GridPals? Check out Bonnie's amazing eBook filled with loads of great information to get you started or to take your classroom connection adventures to new heights!

bit.ly/33DYIRs

CoPilots

Using CoPilots in Flipgrid, educators can invite others to co-manage a Grid. Copilots can essentially do everything the Grid creator can, except delete the Grid or add more CoPilots. A Grid CoPilot could be anyone! A teaching partner, administrator, or a GridPal.

It's easy to add a CoPilot to your Grids! In your Dashboard click on **My Grids.** Select the Grid you would like to add a CoPilot to. Click **Add CoPilots** and enter the email address of other Flipgrid users. They will receive an email and a notification at the top of their Educator Dashboard.

The AWESOME Grid
Created Aug 2, 2019

✈ Add **CoPilots** to help manage this Grid!

Add a CoPilot ✈   ✕

CoPilots can edit the Grid, create Topics, review videos, and provide feedback.

Invite a CoPilot

| Enter a Flipgrid Educator's email | **Invite** |

Add a CoPilot ✈   ✕

CoPilots can edit the Grid, create Topics, review videos, and provide feedback.

Invite a CoPilot

| Enter a Flipgrid Educator's email | **Invite** |

Flight Team

Jennifer Saarinen
[Pending Invite]   Remove CoPilot

You can easily manage your CoPilots within your Dashboard. Click on the **CoPilot** icon in your **Grid Details.** This will display how many CoPilots you already have and allow you to remove or add more CoPilots.

CoPilots can click on the CoPilot icon in the **Grid Details** also. This will show who the CoPilots are for that grid and gives the CoPilot the option to remove themself from the grid.

CoPilots ✈   ✕

CoPilots can edit the Grid, create Topics, review videos, and provide feedback.

Grids that have CoPilots will have a plane icon on the Grid preview image in the "My Grids" section of Educator Dashboard. Visitors will see the profile images of all CoPilots when visiting the Grid.

If this Grid is being used for a GridPals connection, the CoPilot can now add their email domain or student ID list to the Grid so students can access and add their responses.

MixTapes

This feature allows educators to compile responses from any Topic or Grid to share all those mic drop moments with the ones that matter. Creating a MixTape is super easy!

My Activity · My Grids · **MixTapes** · #GridPals · Disco Library · Shorts

My Mixtapes

A MixTape is a place to showcase student videos. Create a MixTape and add videos from any Topic to build your custom playlist.

Learn more about MixTapes 😎

Add New MixTape · **0 MixTapes**

You can find MixTapes view at the top of your educator dashboard. Start creating your MixTape by clicking the + *New MixTape* button.

Fill in your MixTape details. Add a name, code, description, then decide if you want it password protected. Click "create" and BOOM! You are now on your way to MixTape creation!

MixTape Details

MixTape Name
The title of your MixTape.

MixTape title   0/35

Required. 35 characters max

Description [optional]
Describe the purpose of this MixTape and what student videos you are showcasing.

Once you have added to your MixTape you can visit the MixTape and change the order you wish for them to play in. Just click, drag and drop the response where you desire it to be!

Guest Mode

Guest Mode allows you to share a single Topic with families, experts and others. Only that topic will be shared and they will not have access to the entire Grid. Simply share the Guest Code for view-only or view & record access to the Topic. Recording will ask the participant to include their name and email (optional).

> FYI. When using Guest mode, guests have access to that Topic only and cannot see the Grid or any other Topics.

QR Appsmashing

From Sean Forde
@Sean4d on Twitter

Everyone's favorite paperthin boy, Flat Stanley has been traveling all around the world for ages! Here are a few ways to turn the Stanley of old...into the Stanley 2.0!
- Have each student do a Stanley & scan them to email off the PDF version (student gets to keep their own)!
- Place a Wakelet collaborator QR onto Stanley, so it makes it easier to share photos of his adventure!
- Place the new fancy shmancy Flipgrid AR QRs of each student introducing their Stanley & directions!

Scan this QR code to see Sean share this idea on Flipgrid.

Thank a Teacher

From Lucretia Anton & Karalee Nakatsuka
@lantonha & @historyfrog on Twitter

flipgrid.com/tyteacher

How has a teacher
made a difference in your life?

We have all had that one special teacher who has made a difference in our lives, but we often forget to let them know.

We created this GLOBAL
THANK A TEACHER grid
for all of us to show our gratitude.

This is YOUR chance to THANK that special TEACHER! Take a moment to let them know how they have impacted your life in a positive way and then send them the link!

#teacherappreciation

THANK A TEACHER
flipgrid.com/tyteacher
FLIPGRID.
#TeacherAppreciation
@historyfrog   @lantonha
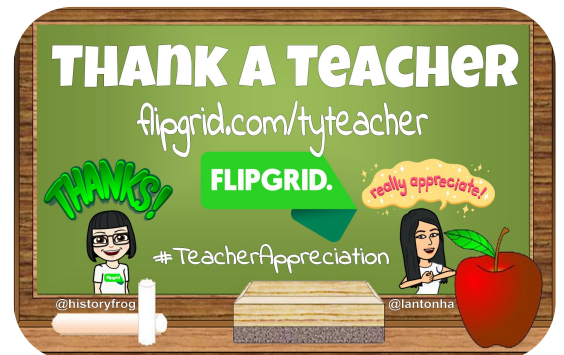

This is a perfect way to use Flipgrid during Teacher Appreciation Week/Month in your district. Simply set up a School Email Community Grid, create topics per school or per teacher and ask students (and even families) to share their gratitude.

A 🔍#FliPhunt is always fun!

From Kathi Kersznowski
@kerszi on Twitter

A Fliphunt is a video-based scavenger hunt that is entirely done in Flipgrid!

The challenges are listed as an attached document, and all users play by posting videos of themselves doing the crazy challenges!

Fliphunts are great to use to introduce teachers to Flipgrid and for team-building.

The **BEST** way to use a #Fliphunt is to use your curricular objectives to create silly tasks for your students to show what they know. It's the most fun formative assessment you'll ever do!

🔍#FliPhunt Send your students on an academic adventure!

🗺️	#Fliphunt = a digital video scavenger hunt on Flipgrid!
🎯	Easy to differentiate for all content areas + learning goals!
🔮	Creative + fun + engaging learning experiences!
💡	Tailor your tasks + challenges to meet your needs!
👟	Include movement or opportunities for creative responses!
🎉	Use a #Fliphunt for inquiry or formative assessment!
🐛	Check out #Fliphunt + #FlipgridFever on Twitter for inspiration!

blog.flipgrid.com/news/fliphunt

Scan the QR code to access more ideas from Kathi on Twitter. Also be sure to search for #Fliphunt in the Disco Library.

Let the Dice Decide

From Joe and Kristin Merrill
@TheMerrillsEDU on Twitter

Start with a set of questions from any lesson or activity you are working on (for this lesson the more the better). Take these questions and read them aloud one by one as responses in a Flipgrid topic.

Once your videos are set up, it is time to give students several dice which they can use to roll and add to find a sum. The number they roll equals the question they are to answer. (*If a student rolls the same number twice they can respond to another students' answer instead of posting twice.*)

Students are still completing the curricular assignment, but the uncertainty of the dice creates an instant, yet simple form of engagement.

To see how this activity in action check out the link or scan the QR code below.

FlipgridAR for Extracurriculars

From Dr. Randall Sampson
@RandallSampson on Twitter

**Bishop Hartley
Class of 2020**

Scan with
Flipgrid

Miles Fleming

flipgrid.com/s/5da09b404f52

Using @Flipgrid AR with one of the elite Ohio 🏈 teams...here's how we get to know every player & track season goals.

Dr. Randall Sampson
@RandallSampson

Coaches and organization leaders are placing a premium on the level of integrity a student displays. Teams and other extracurricular groups can use FlipgridAR for the following:

- Goal Setting
- Team Building
- Leadership
- Accountability

http://bit.ly/31xqEV0

Above is an example FlipgridAR used for extracurriculars. The image above was put on the locker so coaches, teammates, and the player himself could scan.

Click the picture of Randall's tweet to check out his video. He explains all about his experience using FlipgridAR with a HS football team. This has us wondering, what other ways could this be used outside of the classroom?

Flipgrid Your Sub Plans

From Kyle Hamstra
@kylehamstra on Twitter

Kyle Hamstra
@KyleHamstra

Don't type it all out anymore. Ain't nobody got time for that. When making sub plans, use @Flipgrid to create and organize videos so you can talk directly to your students, and the sub can easily access, autoplay, pause, and replay your multiple topic responses. #FlipgridFever

What a great idea! You're sick or have to miss class and don't have much time to create sub plans. Quickly set up a Grid and add topics with the instructions for the substitute and students. Students can then respond to the topic to show their evidence of learning. Read more on Kyle's blog linked below.

Why You Should Flipgrid Your Sub Plans. (From Kyle's blog post.)

bit.ly/2N515qq

Efficient – Recording video takes less time than typing.
Transparent – Teachers speak directly to students-no relay needed.
Effective – Video captures clear expectations with demonstrated directions, materials, and supplies, directly from learning spaces.
Meaningful – Learning potential increases when inspired by the everyday teacher, albeit while virtual.
Personalized – Kids love seeing and hearing their everyday teacher, especially when that teacher is absent. This can let students know that teachers have a personal life, too.
