Prairie-Hills Elementary School District #144 EL/Bilingual Services

English Learners (ELs)

The mission of Prairie-Hills Elementary School District #144 is to ensure that we provide an enriching, rigorous and holistic learning experience promoting 21st Century lifelong learners; while maintaining high expectations for all students, staff, parents and community members. PHESD #144 welcomes all families to our learning community. We provide English Learner (EL) and Bilingual services to meet the linguistic and academic needs of children whose native language is not English. Students whose primary language is Spanish compose a large majority of our EL population.

English Learner (EL) & Bilingual Program Values

It is our mission to nurture, support, and foster excellence for students who are culturally and linguistically diverse through high-quality instruction, assessments, the use of research-based practices, and professional learning. PHESD #144 is pursuing excellence with equity, empathy, and empowerment.

Meeting Students Needs

PHESD #144 meets the needs of our PK-8 student population with limited English proficiency through two specific programs:

Transitional Bilingual Education (TBE)

Designed for students whose primary language is Spanish (if 20+ students).

Transitional Program of Instruction (TPI)

Designed for all English Learners whose native language is other than Spanish, and who, in terms of numbers, are less than 20 speaking the same foreign language.

Purpose of English Learner Program Guide

This guide shares common terms associated with ELs, the process for identifying and communicating assessment information, and serves as a resource for best practices and strategies associated with educating ELs. Throughout this guide, WIDA will be referenced. WIDA is the authority on educating English Learners. Since 2002, they have developed and introduced many definitions and resources designed to help individuals understand and educate English Learners.

Identification

District Procedures for Identification of English Learners (ELs)

Step 1:

Student registers in PHESD #144 and parents/guardians indicate on the home language survey questions on the registration form that he/she either speaks another language, or that another language is spoken at home.

Step 2:

A copy of the registration form/HLS is made by the office staff of the home school and provided to the EL Director. If the student is transferring from another school, the EL Director will ensure that the previous school is contacted or that SIS is checked (if from Illinois) for ACCESS scores. If the student has ACCESS scores or screener data (within the past 12 months) that identifies the student as not qualifying, he/she does not need to be rescreened.

Step 3:

EL staff screens the student for English Language Proficiency using the state identified assessment. Screening must take place within 30 days of enrollment at the beginning of the year or within 15 days of enrollment during the school year.

Step 4:

Copies of completed screeners will be sent to EL Director. If the student qualifies for EL services, the EL Director will ensure that data is recorded in the district student information system which will be uploaded to the state's student information system. The parents are notified by letter that their child qualifies for EL services. The EL Director will maintain files that includes the screener and copies of the parent notification. Copies of these documents will also go into students' cumulative files. If parents refuse services, they must submit a written letter and signed waiver to the EL Director. A copy of the refusal must also go into the student's cumulative file.

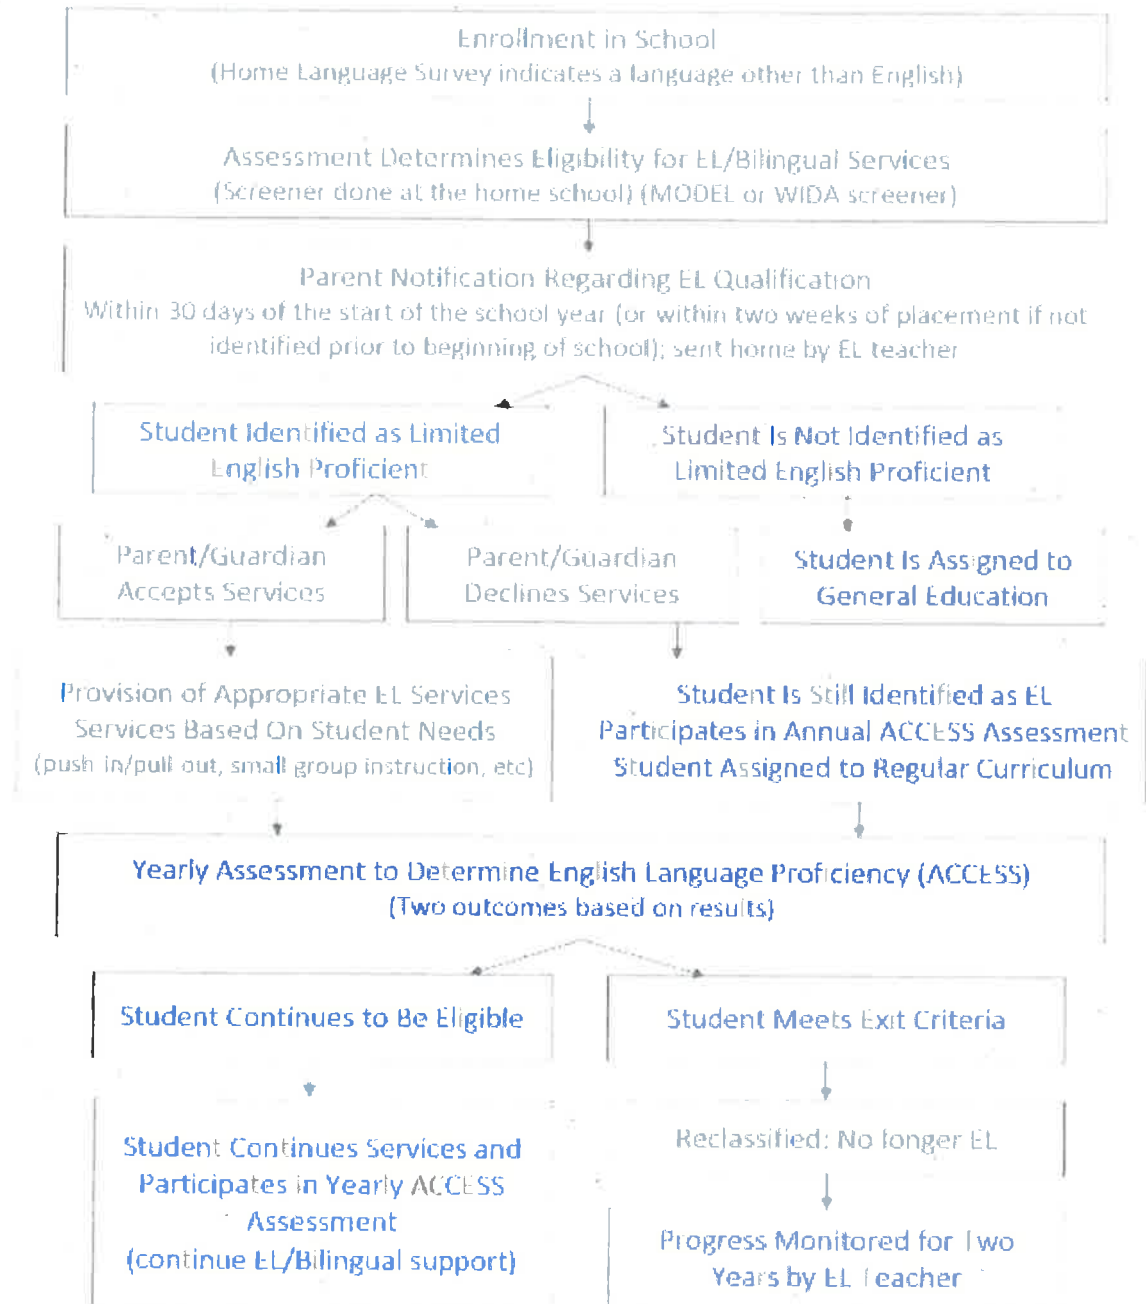

Step 5:

Students whose parents refuse services must still be monitored, take the ACCESS test, and be provided with instructional supports.

Step 6:

Students who accept services must begin to receive ELL services through the appropriate model of TBE or TPI.

EL/BILINGUAL FLOW CHART

Assessment and Accountability

MODEL Screener

PHESD #144 uses the WIDA MODEL (Measure of Developing English Language) to assess the English Language proficiency of incoming Kindergarten students who speak or are exposed to another language (the use of this screener will end after the 2022-2023 school year. The MODEL screener can also be used as an interim progress monitoring assessment. The kindergarten MODEL screener does provide an overall composite score.

WIDA Screener

PHESD #144 uses the WIDA Screener as the screener for new students in the district. The WIDA Screener is an English language proficiency assessment given to incoming students in grades K - 8 to assist educators with the identification of students as English Learners. The purpose of this assessment is to help educators make decisions about whether a student is a candidate for English language support services. In general, students scoring between a 1.0 to 4.9 on the overall composite score on the WIDA Screener is considered for EL services.

Screening for Initial EL Services

Students shall be eligible for TBE/TPI program services if their ELP screening or

Grade	Screener	Cut Score
Prekindergarten ages 3-5	Pre IPT- Oral	Fluent English speaker
1st semester of Kindergarten	WIDA Screener for Kindergarten or WIDA MODEL (listening and speaking) (Note: WIDA MODEL will be retired after the 2022-23 school year.)	5.0 oral language proficiency
2nd Semester of K-1st Semester of 1st grade	WIDA Screener for Kindergarten or WIDA MODEL (all domains) (Note: WIDA MODEL will be retired after the 2022-23 school year.)	WIDA Screener for Kindergarten - Overall Composite 5.0 WIDA MODEL - Overall Composite 5.0 & Composite Literacy 4.2 (reading/writing)
2nd Semester of 1st grade - 8th grade	WIDA Screener (Required Screener-- online or paper)	Overall Composite 5.0

annual ELP assessment scores are below the ELP criteria established by the Illinois

State Board of Education (ISBE).

ACCESS for ELLs 2.0 Assessment

PHESD #144 uses the ACCESS assessment to monitor students' progress in acquiring academic English. This test is a secure, large-scale English language proficiency assessment administered to Kindergarten through 8th grade students who have been identified as ELs.

Purpose and Use of ACCESS for ELLs 2.0

- Helps students and families understand the students' current level of English language proficiency along the developmental continuum.
- Assesses students in four language domains: Listening, Speaking, Reading, Writing
- Serves as one of multiple measures used to determine whether the student is prepared to exit the program (ISBE exit criteria of 4.8 overall composite).
- Generates information that assists in determining whether ELs have attained the language proficiency needed to participate meaningfully in content area classrooms without program support.
- Provides teachers with information they can subsequently use to enhance instruction and learning for their ELs.
- Provides the district with information that will help to evaluate the effectiveness of EL programs.
- Meets and exceeds federal requirement for monitoring and reporting ELs progress toward English language proficiency.

Process for Sharing ACCESS assessment results

The EL Director will share the results of the assessment with appropriate staff who may have an educational interest in the EL student. The results are shared with parents/guardians with a description of the program model in the fall of the following year.

Focused Instructional Practices

What should the teacher focus on at each proficiency level?

Level 1 – Entering:

- Interpersonal skills
- Personal information
- Listening skills
- School personnel
- School rules
- Beginning phonics: recognizing letters and knowing sounds of the letters
- Content vocabulary: numbers, colors, classroom objects, parts of the body, shapes, family members, clothing, food, weather, money, etc.

Level 2 – Beginning:

- Listening and speaking skills
- Pronunciation activities
- Vocabulary
- Sight vocabulary
- Phonics instruction
- Word family activities
- Beginning writing skills: subject/verb/agreement
- Reading/constructing simple sentences

Level 3 – Developing:

- Continued development in listening, speaking, and reading skills
- Reading paragraphs/short stories with comprehension
- Development of better writing skills
- Grammar: parts of speech

Level 4 – Expanding:

- Fine tuning of speaking skills
- Advanced grammar activities applied in writing
- Use of higher-level vocabulary in speech and writing
- Read longer passages with greater comprehension

Differentiation Through Scaffolding and Supports

Differentiating instruction and assessment for ELs is an approach that teachers can use to make their grade-level content-area instruction comprehensible and challenging to all of the students in their classes, with specific attention to the diverse language and learning needs of their ELs. This approach also enables every teacher to scaffold and support their ELs' movement along the continuum of second language development. Differentiating for ELs supports students' active engagement in all of their classes every day, which in turn leads to greater equity and achievement for these learners.

Scaffold: an educator's intentional act of building upon students' already acquired skills and knowledge to teach new skills.

Support: use of instructional strategies or tools used to assist students in accessing content necessary for classroom understanding or communication and to help construct meaning from language.

CONTENT AREA	SENSORY SUPPORTS	GRAPHIC SUPPORTS	INTERACTIVE SUPPORTS	LINGUISTIC SUPPORTS
Mathematics	Manipulatives (place value chips)	Number lines, graphs, tables	Ability to work with a peer in their home language	Sentence frames, word banks, opportunities to rehearse orally before producing written text
Social Studies	Physical activities (such as a simulation)	Graphic organizers, timelines	Access to websites or software	Integrate definitions of key terms within speech and text
Science	Real-life objects (microscope, frog dissection)	Charts, diagrams	Cooperative group structures	Teacher modifies sentence patterns to avoid passive voice in explaining the results of an experiment

Using Success Criteria and Language Objectives to Help EL Student Learning

Language objectives are beneficial not only for ELs but for all students, as everyone can benefit from the clarity that comes with a teacher outlining the required academic language to be learned and mastered in each lesson.

Success Criteria identifies what students should know and be able to do at the end of the lesson. These criteria will frequently be used to form assessments. It's derived from the core standards. They focus on the "What."

Language Objectives are "how" the students will show what they are learning. They are focused on the four domains of Speaking, Listening, Reading, and Writing. The ELP (English Language Proficiency) standards and the WIDA standards are sources of language objectives. The WIDA consortium has compiled a list of "Can Do" descriptors that can help teachers identify the kind of language tasks students should be able to perform according to the five differing levels of English proficiency and different grade-level clusters. To view these descriptors, visit the "[Can Do](#)" page on the WIDA website.

4 Steps to Crafting Language Objectives			
Step 1	Step 2	Step 3	Step 4
Choose an action verb connected to a domain (reading, writing, speaking, or listening)	Make an explicit connection to the academic content (success criteria)	Add supports and scaffolds like graphic organizers, video, etc.	Include interaction with others, group or partner work
• I can orally describe...	• the water cycle...	• using an illustration...	• in a small group
Language Objective: <u>I can orally describe the water cycle using an illustration in a small group.</u>			

Implementing language objectives can be a powerful first step in ensuring that English

learners have equal access to the curriculum even though they may not be fully proficient in the language. See samples below of how language objectives can be used to differentiate instruction for ELs.

Instructional Strategies to Connect Language to Content

- Go from the everyday, familiar, and concrete to the subject specific, unfamiliar and abstract

- Link students' real-world experiences to school experiences
- Sequence teaching and learning activities to move towards the specialized language of written texts, rather than starting with the written texts
- Structure classroom discourse and interaction so that it bridges to written texts
- Increase interaction to build fluency with target language
- Model the language and the interaction
- Have students process information individually
- Have students process information in pairs
- Have students process information in small groups
- Compare/contrast information to a source (reading)
- Apply information to a new task (writing)

Components of A Gradual Release of Responsibility

Teacher Responsibility

- Focus Lesson: "I do it"
- Guided Instruction: "We do it"
- Collaborative: "You do it together"
- Independent: "You do it alone"

Student Responsibility

- Focus Lesson: Students actively participate in the lesson, particularly paying attention to modeling and explanations by the teacher
- Guided Instruction: Students are led through tasks with teacher support (i.e. prompts, questions, facilitation)

- Collaborative: Students work together and consolidate their learning to produce the skill with peer support
- Independent: The student works independently. He/she is in control of the ideas and information and can apply in a new situation

(Fisher, D., & Frey, N. (2008) Better learning through structured teaching: A framework for the gradual release of responsibility.

Language Learning Process

There are many things to consider when teaching an EL student. One aspect to think about is the four-step process students go through when learning a second language:

Input: Information given to the student through speech or written texts that they try to find meaning in. Understanding the student's level of English abilities will help the teacher consider if the language they are using is too difficult for the student.

Intake: Whereas input is information we give students, intake is information they retain and use in the future. As a teacher, it is important to remember that every person turns different input into intake, so two students will remember and use different information from the same lesson.

Processing: The learner attempts to understand the information enough to produce something of their own. Recognize that each student processes information differently and at different speeds.

Output: Output is the language that a learner can produce in different situations for a communicative purpose. As a teacher, it is important to remember that when a student creates output, our feedback is what will help them learn for the future.

* As a teacher, it is important to remember that this whole process occurs in the academic setting, as well as in the social setting outside the classroom. Students are focused on comprehending the world around them through language, rather than being a grammatical expert.

Helpful Strategies and Tips for Teachers

- Speak slowly and clearly and allow for appropriate wait time.
- Provide both verbal and written instruction, accompanied by visual aids.
- Help students connect with classroom texts representing their cultures.444444444
- Help students understand classroom terms in context (subject specific terminology).
- Utilize a variety of resources, such as videos, websites, TV ads, etc.
- Realize EL students may not understand certain humor or sarcasm.
- As an EL, overall comprehension is more important than minor verbal or written grammatical errors.
- Use more modeling and physically demonstrate concepts; provide real examples.
- Realize that different forms of writing (poetry and academic papers) may be difficult for EL students.
- Use strategies that include conversational partners and small group work to encourage conversation.
- Become familiar with student interests.
- Be aware of students' social situation; check-in regularly with EL students so you understand their relationships with peers and ensure they are included and treated with respect inside and outside the classroom.
- Refer EL students for any after school programming available.

EL Program Goals

Major program goals for the PHESD #144 EL/Bilingual Program are to enable EL students to attain, within a reasonable period of time, both English proficiency and meaningful participation in the school and school district.

Prairie-Hills Elementary School District 144 is committed to increasing cultural awareness through culturally relevant teaching as well as academic knowledge through the following:

1. Assisting the student to become familiar with the American culture and its customs, and supporting the student in his/her efforts to cope and appreciate the new culture and new surroundings.
2. Celebrating the student's cultural heritage through encouraging maintenance of the student's native language and culture through native language content support, bilingual literature, classroom climate, and recognition/celebration of traditions.
3. Developing English language proficiency through a variety of social and academic experiences.
4. Facilitating meaningful learning and provide access to the curriculum in the content areas.
5. Nurturing students to assist them in becoming life-long learners, self- advocates, and contributing members to a global society.
6. Promoting awareness among staff related to learning strategies for all ELL students and acceptance of good ELL services as necessary for all instructional programs.
7. Communicating fully with families in order to address their needs and connect them to any necessary resources.
8. Ensuring that all students, regardless of race, creed, culture, socio-economic status, are afforded an education.
10. Providing and maintaining the BEST learning environment for all students.

EL Teacher Responsibilities...

- ☐ Assess language proficiency.
- ☐ Report on issues of language acquisition.
- ☐ Facilitate communication with classroom teachers.
- ☐ Provide general education staff with links to suggested resources and strategies for language acquisition.
- ☐ Facilitate BPAC meetings.
- ☐ Provide comprehensible input.
- ☐ Teach to WIDA and Common Core standards.
- ☐ Provide appropriate modifications and accommodations for the instruction of ELs.
- ☐ Collaborate with staff on how to appropriately provide needed differentiation, modifications, and accommodations for ELs.
- ☐ Advocate for ELs.
- ☐ Teach ELs how to advocate for themselves.
- ☐ Know students and their families.

General Education Teacher Responsibilities...

- ☐ Assess academic achievement.
- ☐ Assess classroom performance.
- ☐ Participate in staff development provided.
- ☐ Provide EL staff with content areas of focus in the general education classroom in a timely manner.
- ☐ Determine possible modifications and accommodations for ELs.
- ☐ Incorporate EL best practices into daily lessons.
- ☐ Communicate with EL staff regarding concerns with EL students.
- ☐ Celebrate and value cultural differences in the general education classroom.

EL and General Education Teacher Shared Responsibilities...

- ☐ Establish expectations for learning.
- ☐ Create a nurturing environment.

- ☐ Schedule, plan for, and participate in collaboration.
- ☐ Facilitate parent involvement.
- ☐ Monitor student progress.
- ☐ Provide necessary interventions.
- ☐ Foster home/school communication.

INSTRUCTIONAL FRAMEWORK

The instructional framework is a suggested guideline for instruction for EL students at the elementary level. There are many factors, including scheduling, student classroom placement, and student needs that may require the EL staff to schedule students differently.

	WiDa 1-2 Newcomer/Beginner	WiDa 3-4 Developing	WiDa 4 Advanced	WiDa 5/6 Bridging/Reaching
K	Push-in or EL Classroom	Push-in or EL Classroom	Push-in or Pull-out	General Education Classroom
1	Push-in or EL Classroom	Push-in or EL Classroom	Push-in or Pull-out	General Education Classroom
2	Push-in or EL Classroom	Push-in or EL Classroom	Push-in or Pull-out	General Education Classroom
3	Push-in or EL Classroom	Push-in/Pull-out or EL Classroom	Push-in or Pull-out	General Education Classroom
4-8	Push-in or Pull-out	Push-in or Pull-out	Push-in or Pull-out	General Education Classroom

Level 1 – Newcomer/Beginner

Composite ACCESS score of 1.0-1.9

New to English

Little or no exposure to English

Usually has oral language proficiency in first language

Level one students at all grade levels focus on the development of basic interpersonal communicative English and are introduced to academic language through speaking, listening, reading and writing instruction. Illinois state guidelines require students at this proficiency level to be serviced with EL instructional minutes in ELA, math, science, and social science.

Composite ACCESS score of 2.0-2.9

Beginner with some prior English instruction

Has limited English proficiency

Usually has had previous schooling

Age-appropriate literacy in first language

Level two students at all grade levels focus on oral language acquisition and continue to develop academic language through speaking, listening, reading and writing instruction.

Illinois state guidelines require students at this proficiency level to be serviced with EL instructional minutes in ELA, math, science, and social science.

Level 3 – Developing

Composite ACCESS score of 3.0-3.9

May have studied English in home country

Communicates ideas and details in English using several connected sentences and can participate in short conversations and discussions in school

Level three students at all grade levels continue to develop and apply academic language through speaking, listening, reading and writing instruction. Students with a 3.0-3.4 proficiency level receive EL instructional minutes in ELA, math, science, and social science.

Students with a composite proficiency level of 3.5 and above will receive services through push-in or pull-out models.

Level 4 – Advanced

Composite ACCESS score of 4.0-4.8

Listening and speaking skills approaching native English speakers in conversational

English; however, academic proficiency is developing in specificity and complexity

Reading and writing skills approaching grade level standards with scaffolding, direct instruction and extra time.

Level four students are applying their academic language skills to content within the classroom. Students receive services through push-in or pull-out models. Additionally, EL resource teachers may work collaboratively with grade level teams to plan for linguistic scaffolding within content instruction.

Level 5 – Bridging

Composite ACCESS score of 4.8-6.0

High level English language skills in a wide variety of contexts, including comprehension and production of highly technical texts

Full engagement in grade-level academic tasks and activities in a variety of content areas without the need for specialized ELD instruction.

While students are no longer considered part of the EL caseload, the EL teachers continue to monitor the progress of students who have exited the EL/Bilingual program. The EL teams and grade level teachers collaborate to provide any linguistic scaffolding required to support students in their learning.

Push-in Model: EL and Classroom Teacher Collaboration

An EL teacher and classroom teacher collaboration involves two professionals who are partners in the instruction of the lesson. They share the responsibility for planning lessons so as to provide differentiated instruction in a manner that is not always possible for one teacher. Lesson planning time is built into their schedules. Collaborative teachers are using the same physical space, and ELs are not pulled out of the classroom for one of the teachers to instruct. Although small heterogeneous groups may be pulled aside for reinforcement, ELs are not isolated from mainstream students.

During push-in instruction, the EL teacher comes into the general education classroom to support ELs during content-area lessons. The EL teacher may be supporting ELs during a mini-lesson next to her students (at times interjecting with specific language pieces or at times modeling language strategies) while the general education teacher is teaching, or he or she may wait until instruction is completed and then work with ELs in a small group in the classroom.

Dual Services: EL and IEP

PHESD #144 provides EL students with an Individualized Education Plan (IEP) with both the language assistance and the special education services. Dual services should be provided in a manner that promotes inclusion in general-education settings and among the students' peers.

EL/Special Education Service Model Chart

The service model chart is a suggested guideline for EL students with Individual Education Plans (IEP). EL instruction will focus on the development of speaking, listening, reading, and writing skills. There are many factors, including scheduling, student classroom placement, and student needs that may require EL or special education staff to schedule students differently.

ACCESS Proficiency Level	Level 1 – Level 3 Newcomer/Beginner	Level 3.1- 4.0 Developing	Level 4.1 – 4.8 Expanding/Advanced

Language of Instruction	English Using EL Strategies or Native Language (if possible)	English Using EL Strategies	English Using EL Strategies

RTI and EL Supports

PHESD #144 provides appropriate interventions for ELs who need support beyond Tier 1 instruction through the Response to Intervention (RtI) framework. RtI is a systematic, continuous-improvement framework that uses evidence-based practices, focusing on data-based problem solving at multiple levels to support “need-driven” decision making to accelerate

performance for all students (Gibbons, K., Bollman, K., 2015). It is based upon the assumption that all students, including EL students, can learn and achieve when provided with effective teaching, research-based instruction and access to standards-based curriculum.

Intervention Guidelines for EL Students

- The RtI criteria set for ALL students will be used in addition to teacher recommendation, ACCESS scores, time in the EL program, supports currently provided, and any additional EL specific assessment (if applicable).
- EL students must be looked at individually
- Reasonable amount of time needed to evaluate language growth (2-3 years)
- Tier III intervention is delivered by highly skilled intervention specialist
- Collaboration between parents, general education teacher, EL teacher and all other teachers who work with the EL student is critical

Necessary Conditions for ELs to Experience the Benefits of a Culturally and Linguistically Responsive RtI Model

- ☐ Use innovative practices and reforms in all tiers with a focus on enrichment, increased comprehensibility, and meaningfulness rather than remediation.
- ☐ Ensure that students receive culturally responsive, appropriate, quality content and language instruction that is evidence based at all levels.
- ☐ Provide linguistic supports when assessing students' content knowledge.
- ☐ Provide time for team members to plan for students' instruction, resulting in instruction and intervention strategies that are cohesive, authentic and meaningful, and connected to the core curriculum.
- ☐ Include approaches that focus on complex sociocultural phenomena and better address students' unique educational contexts.
- ☐ Look not only at classrooms, but also at languages and outside social/educational settings for insights into students' performance.
- ☐ Recognize the need for both appropriate EL literacy instruction as well as academic language instruction throughout the school day.

☐ Differentiate at all tiers of support according to students' academic language proficiency levels.

Family Communication

All essential written or verbal communications are available to be translated/interpreted for families whose primary language is not English. We currently translate in the major language of EL families in the district (Spanish).

Interpretation (oral communication)

Interpreters are provided for parent teacher conferences, IEP meetings, or other meetings with school district staff. The school principal or EL/Bilingual Director can assist with arrangements.

Translation (written communication)

For district standard documents, such as parent teacher conference related documents or IEP related documents, the school will provide the translated document to the parents.

This includes, other documents with information related to:

- registration and enrollment in school and after/before school programs.
- parent handbooks,
- report cards.
- gifted and talented programs.
- student discipline policies and procedures.
- requests for parent permission for student participation in school activities.

Parent Notification Materials

If a student is determined to be an English Learner (EL), the district must inform parents in writing of the results of the assessment and the program placement recommendations, describing the services that are available to assist the student to become English language proficient.

Whenever possible the notification letters will be sent to parents in both English and native language.

1-3 years in Program:

Parents must be notified of enrollment into program by mail within 30 days (beginning of the school year) of enrollment or 15 days (middle of the school year).

Parent Refusal:

To refuse language support services, parents must provide the district with a signed, written statement that they are refusing services. However, this parental statement does not relinquish the district from its obligation to provide a meaningful education to the student and to continue to annually assess the student's language proficiency with the ACCESS for ELLs.

Exits:

Students are exited from the EL program when they meet ISBE exit criteria of 4.8 overall composite.

Bilingual Parent Advisory Committee

The Bilingual Parent Advisory Committee (BPAC) is a committee of parents, district leaders and teachers that meet at least four times a year and focuses on EL/Bilingual education and programming of the district. The PHESD #144 committee consists of but is not limited to, representatives from the prevalent cultural/heritage groups in our schools.

Mission Statement:

The mission of the Bilingual Parent Advisory Committee is for parents, staff, and the District to work together in order to meet the needs of all multilingual students.

Our Goals:

- ☐ To establish a collaborative voice between our bilingual families and PHESD #144
- ☐ To promote positive parental participation in the development of the educational experiences for our children
- ☐ To develop the capacity of our parents to support their children with their academic work
- ☐ To establish a bilingual parent network and promote cultural awareness
- ☐ To help make decisions regarding the bilingual program at PHESD #144
- ☐ To understand and review the assessments, resources, and instructional methods used in language acquisition programs

BPAC Topics Include (but not limited to):

- ☐ Title III grant
- ☐ Program model
- ☐ ACCESS and state assessments
- ☐ Curriculum and instruction
- ☐ Community resources
- ☐ Community Guest Speakers
- ☐ Planning of events

ISBE 23 ILLINOIS ADMINISTRATIVE CODE 228.30 SUBTITLE A SUBCHAPTER f

Parent and Community Participation -- Each district or cooperative shall establish a parent advisory committee consisting of parents, legal guardians, transitional bilingual education operation, and evaluation of programs. The majority of committee members shall be parents or legal guardians of students enrolled in these programs. Membership on this committee shall be representative of the languages served in programs to the extent possible. (Section 14C-10 of the School Code [105ILCS 5/14C-10]) A) The committee shall: i) meet at least four times per year; ii) maintain on file with the school district minutes of these meetings; and iii) review the district's annual program application to the State Superintendent of Education.

EL Progress Reporting & Monitoring

EL Progress Reports (attached to report card)

Progress reports must be consistently provided to parents and guardians of EL students in the same manner and with the same frequency as general education reporting. This will be administered for all students in the program in order to report the progress of growth in the four domain areas of reading, writing, listening, and speaking.

Procedure: EL progress reports will be completed by the EL service provider (EL teacher, EL classroom teacher, SPED/EL teacher). A copy of the progress report will be sent home to families with report cards for students in the district's EL and bilingual programs. Students who are enrolled in the district's bilingual programs will have a native language copy of the progress report sent home as well. Additionally, parents who request translated report cards will be provided with a translated EL progress report. Copies of the progress report are added to students' cumulative files. The EL Program Director should be sent copies of these progress reports.

There are three types of progress reports:

Tier A (WiDA levels 1-3) - Beginner

Tier B (WiDA levels 2-4) - Intermediate

Tier C (WiDA levels 3-5) - Advanced

Post Exit Monitoring Guidelines:

All students who have exited the EL/Bilingual Program are monitored for a period of two years. Students' performance in the classroom is recorded on the post-exit monitoring form.

Procedure: The EL resource teacher consults with the students' teacher to complete the form.

The EL/Bilingual Director reviews submissions and confers with the classroom teacher if the student's academic performance is flagged. The form is filed in students' cumulative files.

There are two types of monitoring forms:

- ☐ Year 1/2: Post-Exit EL Monitoring Form (ELEMENTARY STUDENTS PK-5)
- ☐ Year 1/2: Post-Exit EL Monitoring Form (JUNIOR HIGH STUDENTS 6-8)

EL Folder Guidelines

It is the responsibility of each EL/Bilingual teacher to maintain accurate, timely, and complete records on each student who is screened for English Language Proficiency.

Each student screened for English Language Proficiency must have folder inside of their cumulative folder in which the required documentation is included. The folder should include the following items:

- ☐ Copy of the Home Language Survey (HLS)
- ☐ Initial Screener booklet and scores (MODEL, WIDA screener)
- ☐ Annual ACCESS score reports
- ☐ Parent notification 1-3 years
- ☐ Parent permission 4+ years
- ☐ Program placement/description
- ☐ Exit letter
- ☐ Monitoring forms
- ☐ Parent refusal
- ☐ Progress reports
- ☐ Documentation of conferences and written communication with parents or legal guardians
- ☐ EL folder checklist

EL/Bilingual coordinator/director is responsible for ensuring that accurate student records are maintained in the student information system (SIS) including the following information:

- ☐ MODEL/WIDA screener information
- ☐ EL/LEP status
- ☐ Program placement information

It is the expectation that the EL/Bilingual teacher will understand, and be able to communicate the data and student records and be able to share that information as appropriate. This information should be shared with the following people as necessary to inform instruction.

- ☐ Parents
- ☐ Students
- ☐ Classroom teachers
- ☐ Administrators

Program Timeline

August - September

Screen all potential LEP students:

PK – PRE-IPT

K MODEL (through 22-23 - Oral Only - Listening/Speaking)

First-grade first-semester screen using MODEL (through 22-23 - all 4 parts)

Grades 2-8 WIDA screener

EL Program Director ensures that ACCESS individual report copies are distributed as follows:

- Classroom teacher
- EL/Bilingual teacher
- Student EL folder (cum. folder)
- Parent notification letters
- Mail and send home notification letters for all EL students by end of 30-day window
- Mail a parent notification letter to exiting EL students
- Any students who enroll after the initial 30 days of school will receive their parent notification letter within 15 days
- Include ACCESS student reports
- Determine caseloads and start servicing EL students

October – November

The EL Program Director ensures the assessment coordinator submits ACCESS materials order to WIDA.

Paper materials are available for:

- Kindergarten ACCESS
- Alternate ACCESS
- IEP Provisions
- Handwriting the Writing Assessment
- All other EL students are expected to test online
- Progress reports are completed for EL students by the teacher who provides services
- Progress report is sent home as an attachment to the grade level report card
- Monitor forms are completed the week after report cards go home for EL students on 1st and 2nd year monitoring
- Monitor form are not sent home to parents
- Forms are filed in the student's cumulative file
- First BPAC meeting

January – February

Administer ACCESS for ELs assessment

- Follow state approved window and timeline
- Both EL students receiving language support services as well as students whose parents have refused services are given the ACCESS test
- Administered by teachers who are certified to administer the ACCESS
- Progress reports are completed for EL students by the teacher who provides services
- Progress report is sent home as an attachment to the grade level report card
- Monitor forms are completed the week after report cards go home for EL students on 1st and 2nd year monitoring
- Second BPAC meeting
- Third BPAC meeting

March – May

- Progress reports are completed for EL students by the teacher who provides services
- Progress report is sent home as an attachment to the grade level report card
- Monitor forms are completed the week after report cards go home for EL students on 1st and 2nd year monitoring
- Fourth BPAC meeting

May – June

- Download preliminary ACCESS reports from SIS
- Use reports to determine the number of students who exited the EL/Bilingual program with a 4.8 composite score
- Use reports to determine EL clusters/sectioning for the following school year
- Progress reports are completed for EL students by the teacher who provides services
- Progress report is sent home as an attachment to the grade level report card

- Monitor forms are completed the week after report cards go home for EL students on 1st and 2nd year monitoring
- Spot-check cumulative folders
- Use checklist to make sure all needed forms are included

PRAIRIE-HILLS ELEMENTARY SCHOOL DISTRICT #144

PART-TIME TRANSITIONAL BILINGUAL EDUCATION PLACEMENT CRITERIA

Districts may assign English learner students to part-time TBE placements in accordance with the requirements contained in 23 IL Adm. Code Section 228.30 (c)(3). These criteria are to be used to make decisions about students who enroll in the district for the first time or who are being transitioned out of a full-time TBE placement because they would benefit from a part-time placement. Students previously assigned to full- or part-time TBE placements in the district should not be reassigned for the sole purpose of meeting the criteria below.

1. <u>Minimum English Language Proficiency Score:</u> The student's English language proficiency (ELP) level on either the screener or the ACCESS for ELLs® falls within the following range:	
Kindergarten - First semester	4.0 and above oral language composite proficiency level on the MODEL™, but not English proficient*
Kindergarten - Second semester through 1st Grade – First semester	3.5 and above literacy composite proficiency level on the MODEL™ or the ACCESS for ELLs®, but not English proficient*
First Grade – Second semester through 8th Grade	3.5 and above literacy composite proficiency level on the W-APT™ or the ACCESS for ELLs®, but not English proficient*

**A student who has not met the state English proficiency definition (available at www.isbe.net/bilingual) is an English learner (EL).*

2. Other Student Characteristics: If the student's score either on the screener or on the ACCESS for ELLs® is below the minimum identified above, a part-time placement for the student is allowed only if at least one of the following conditions is met:

Native Language Proficiency	A native language proficiency test documents that the student has minimal or no proficiency in the home language and a parent provides written confirmation that English is the primary language spoken in the home.
Academic Performance in Subjects Taught in English	Any student whose student grades, teacher recommendations, and state or local assessment results in the previous school year indicate that the student has performed at or above grade level in one or more core subject areas (i.e., reading, English language arts, mathematics, physical sciences, social sciences) that were taught exclusively in English.
Academic Performance	Any student in a departmentalized setting whose student grades, teacher recommendations, and state or local assessment results in the previous school year indicate that the student has performed at or above grade level in at least two core subject areas that were taught in a U.S. school in the student's native language or via sheltered instruction in English.

Students with Disabilities	Any student with a disability whose Individualized Education Program developed in accordance with 23 Ill. Adm. Code 226.Subpart C identifies a part-time transitional bilingual education program as the least restrictive environment for the student.
Limited Native Language Instruction	The limited use of native language instruction is permissible for a student whose native language has no written component or one for which written instructional materials are not available. Oral native language instruction or support should be provided based on the student's needs.

Part-Time Transitional Bilingual Education (TBE) Placement Rationale

Student Name: _____ Current Grade _____ Date _____

Criteria		Check (✓) if used	Evidence
Minimum English Language Proficiency Score	K – 1st semester	4.0 and above oral language composite proficiency level on the WIDA Screener for Kindergarten or MODEL™, but not English proficient*	
	K – 2nd semester through First Grade – 1st semester	3.5 and above literacy composite proficiency level on the WIDA Screener for Kindergarten, MODEL™ or the ACCESS for ELLs® but not English proficient**	
	First Grade – 2 nd semester through 12 th Grade	3.5 and above literacy composite proficiency level on the WIDA Screener or the ACCESS for ELLs® but not English proficient**	
If the student's score either on the screener or on the ACCESS for ELLs® is below the minimum identified above, a part-time placement for the student is allowed only if at least one of the following conditions is met.			
Native Language Proficiency	A native language proficiency test documents that the student has minimal or no proficiency in the home language and a parent provides written confirmation that English is the primary language spoken in the home.		
Academic Performance In Subjects Taught in English	Any student whose student grades, teacher recommendations and State or local assessment results in the previous school year indicate that the student has performed at or above grade level in one or more core subject areas (i.e., reading, English language arts, mathematics, physical sciences, social sciences) that were taught exclusively in English.		
Academic Performance	Any student in a departmentalized setting whose student grades, teacher recommendations and State or local assessment results in the previous school year indicate that the student has performed at or above grade level in at least two core subject areas that were taught in a U.S. school in the student's native language or via sheltered instruction in English.		
Students with Disabilities	Any student with a disability whose Individualized Education Program developed in accordance with 23 Ill. Adm. Code 226.Subpart C identifies a part-time transitional bilingual education program as the least restrictive environment for the student.		
Limited Native Language Instruction	The limited use of native language instruction is permissible for a student whose native language has no written component or one for which written instructional materials are not available. Oral native language instruction or support should be provided based on the student's needs.		
Parental Preference	The parents have clearly indicated in writing that they are refusing full-time TBE components for their child, and prefer that their child only receives part-time TBE services.

Transitional Bilingual Education Program (TBE) and Transitional Program of Instruction (TPI)

Program Information for: _____

Districts serving English Language Learners must designate program services as either full time or part time (per ISBE). These designations refer to a student's level of English proficiency need and not minutes of service. Students may receive one of three models of service:

- Transitional Bilingual Program (self-contained)
- Transitional Program (push-in/pull-out/co-teaching)
- Part-Time Transitional Program of Instruction (push-in/pull-out/co-teaching)

Instructional Goal: To meet the needs of EL students and to assist them in becoming proficient in English.

The TBE program may provide instruction in the student's native language with transition into English. The TPI program may consist of push-in, pull-out, or co-teaching with an ESL teacher. The program is designed to help students to succeed in academic subjects and to learn English.

Program Components: Your son/daughter will receive instruction in the areas checked:

_____ Reading and writing (TPI)	_____ Social Science (TPI)
_____ Reading and writing in native language (TBE)	_____ Social Science in native language (TBE)
_____ Specialized instruction in English (ESL) (TPI)	
_____ Mathematics in English (TPI)	_____ Mathematics in native language (TBE)
_____ Science in English (TPI)	_____ Science in native language (TBE)

Exit Procedures

Students may remain in the Transitional Bilingual Education program until they reach proficiency in academic English.

Special Education Services

For students requiring specialized services, language instruction meets the objectives of the student's Individualized Education Program (IEP)

Programa de Educación Bilingüe de Transición (TBE) y Programa de Instrucción de Transición (TPI)

Información del programa para: _____

Los distritos que sirven a estudiantes del idioma inglés deben designar los servicios del programa como de tiempo completo o parcial (por ISBE). Estas designaciones se refieren al nivel de necesidad de dominio del inglés de un estudiante y no a los minutos de servicio. Los estudiantes pueden recibir uno de tres modelos de servicio:

- Programa Bilingüe de Transición (autónomo)
- Programa de transición (push-in/pull-out/co-enseñanza)
- Programa de Instrucción de Transición a Tiempo Parcial (push-in/pull-out/co-enseñanza)

Objetivo de instrucción: Satisfacer las necesidades de los estudiantes de EL y ayudarlos a dominar el inglés.

El programa TBE puede proporcionar instrucción en el idioma nativo del estudiante con transición al inglés. El programa TPI puede consistir en push-in, pull-out o co-enseñanza con un maestro de ESL. El programa está diseñado para ayudar a los estudiantes a tener éxito en materias académicas y aprender inglés.

Componentes del programa: Su hijo/a recibirá instrucción en las áreas revisadas:

_____ Lectura y escritura (TPI) _____ Ciencias Sociales (TPI)

_____ Lectura y escritura en lengua materna (TBE) _____ Ciencias sociales en lengua materna (TBE)

_____ Instrucción especializada en inglés (ESL) (TPI)

_____ Matemáticas en inglés (TPI) _____ Matemáticas en lengua materna (TBE)

_____ Ciencia en inglés (TPI) _____ Ciencia en lengua materna (TBE)

Procedimientos de salida

Los estudiantes pueden permanecer en el programa de Educación Bilingüe de Transición hasta que alcancen el dominio del inglés académico.

Servicios de educación especial

Para los estudiantes que requieren servicios especializados, la enseñanza del idioma cumple con los objetivos del Programa de Educación Individual (IEP) del estudiante.
