Activities/Skill Practice

- ✚ Standards Mastery Assessment

It has been a pleasure working with you this year. Thank you for welcoming me into your classrooms, adjusting your schedules and being receptive to trying different math teaching strategies.

I look forward to next year as we continue support and challenge students to learn math academic language and understand math concepts.

Remind your students check out this link over the summer:

<https://www.phsd144.net/Page/7111>

It provides a variety of online resources for math skill practice and math fluency.

Have a safe and relaxing summer!
