ARTICLE II - DEFINITION OF RESPONSIBILITIES AND RIGHTS

A. MUTUAL RESPONSIBILITIES

1. Good Faith Bargaining. "Good Faith" is defined as the mutual responsibility of the Board and the Association to deal with each other openly and fairly, and to endeavor sincerely to reach agreement on those items being negotiated.
2. Authority to Bargain. It is the mutual responsibility of the Board and the Association to confer upon their respective negotiating teams the necessary power and authority to make proposals, consider proposals,

and make counter proposals in the course of negotiations, and to reach tentative agreements which shall then be presented to the Board and the Association, respectively, for ratification.

3. Non-Discrimination: Union Activity. As a duly elected body exercising governmental power under the laws of the State of Illinois and subject to the Constitutions of Illinois and the United States, the Board undertakes and agrees not to discriminate against any certified staff member by reason of his/her membership in the Association, his/her participation in any activities of the Association, or his/her institution of any grievance, complaint, or proceeding under this Agreement. The Association agrees not to discriminate against any Certified Staff member by reason of his/her non-membership in the Association or his/her participation in activities of other educationally-oriented organizations.
4. Non-Discrimination: Protected Classes. The District and the Association agree that neither shall discriminate in employment or practice by reason of the following as these terms are defined in the Illinois Human Rights Act, [755 ILCS 5/1-101 et seq.]: race, color, religion, national origin, ancestry, political belief, or activity, age, sex, marital status, disability, military status, sexual orientation, unfavorable discharge from military service. The District or Association will not discriminate in employment or practice based on activity, or non-activity on behalf of the Association. Grievances under this provision may be processed up to Step Two of the grievance procedures of Article V but not through Step Three binding arbitration.

B. ASSOCIATION RIGHTS

1. Use of Bulletin Boards. The Association shall have the right to post notices of its activities and matters of Association concern on bulletin boards, at least one of which shall be provided by the Board for each school building in the faculty work room. The Association's use of bulletin boards shall be consistent with the Association's use of District mailboxes as described in Section B.2. below.
2. Use of Mailboxes. The Association may use the District's Certified Staff mailboxes for dissemination of information pertaining to the Association's routine business matters. Such matters might include local, state, and national newsletters and information pieces, notices of meetings, notices of recreational and social activities, surveys, elections and election results, or other routine matters. Distribution of materials other than as described above shall first be cleared through the Superintendent or his/her designee consistent with the District's practice concerning use of mailboxes for distribution of material generally.

3. Use of Buildings. The Association and its advisors shall have the right to use the school building for meetings upon approval of the building principal. Approval shall not be unreasonably withheld. When special custodial service is required, the Board may make a reasonable charge according to the District rental policy.
4. Use of District Equipment. The Association and its advisors shall have the right to use the school equipment at reasonable times on school premises when such equipment is not otherwise in use. The Association shall pay for the reasonable cost of all materials and supplies incident to such use.
5. No Personnel Discussion with Students. No Association's or individual's views on matters relating to supervisor-Certified Staff member or Board-Certified Staff member relationships will be discussed under any circumstances in the presence of students. Matters pertaining to Association-Certified Staff member/Board-administration relationships should not be discussed by anyone in the presence of students.
6. Access to District Data. On request, the Association shall be furnished for review at central office all regularly and routinely prepared information concerning the financial condition of the school district, including the annual financial statement and adopted budget. In addition, the Board and the Administration will grant reasonable requests for any other readily available information which may be relevant to negotiations. Nothing herein shall require the central administrative staff to research and assemble information.
7. Access to Union Data. The Association will furnish copies of any pertinent information as reasonably requested by the Board or its representative.
8. Bargaining Unit Roster. The Board will provide the Association with a list of names, school assignments, job titles and, if newly hired, date of hire of all Certified Staff holding positions certified within the bargaining unit by September 15 of each year. Thereafter, the same will be provided for new Certified Staff within fifteen (15) days of their commencement of duties for the District, and for Certified Staff who resign or are terminated.
9. Board Minutes to Union. The District will send copies of approved Board minutes to the Association president and to each faculty room, through administrative channels. The District shall also provide the Association president with a copy of scheduled Board meeting materials which are distributed to the principals, excluding unapproved Board minutes, confidential student and personnel matters, and other items which may be exempt from disclosure under the Freedom of Information Act, or which are related to matters which may be appropriately discussed in executive session under the Open Meetings Act. The District shall notify the

Association president of all regularly scheduled and special Board meetings as soon as notices of such meetings are prepared.

10. Fair Share.

- (a) Each bargaining unit member, as a condition of his/her employment, on or before thirty (30) days from the date of commencement of duties or the effective date of this Agreement, whichever is later, shall join the Association or pay a fair share fee to the Association equivalent to the amount of dues uniformly required of members of the Association including local, state, and national dues. In the event that the bargaining unit member does not pay his/her fair share fee directly to the Association by a date established by the Association, the Board shall deduct the fair share fee from the wages of the non-member.
- (b) Certified Staff who are members of a church or religious body having a *bona fide* religious tenet or teaching which prohibits the payment of a fair share contribution to a union shall be required to pay an amount equal to their fair share of Association dues to a non-religious charitable organization agreed upon by the Association and the affected Certified Staff. Upon proper substantiation and collection of the entire fee, the Association will make payment on behalf of the Certified Staff member to a mutually agreeable non-religious charitable organization as per Association policy and the Rules and Regulations of the Illinois Educational Labor Relations Board.
- (c) In the event of any legal action against the Employer brought in a court or administrative agency because of its compliance with this Article, the Association agrees to defend such action, at its own expense and through its own counsel, provided that the Employer cooperates with the Association and its counsel.

The Association shall indemnify and hold the District harmless against any and all claims, demands, suits, or other forms of liability that may arise out of or by reason of any action taken by the District for the purpose of complying with any provisions of this Agreement. If an incorrect deduction is made, the Association shall refund any such amount directly to the affected Certified Staff member. It is expressly understood that this save harmless provision will not apply to any claim, demand, suit, or other form of liability which may arise as a result from any type of willful misconduct by the Board.

11. District Policy. The Board shall give reasonable advance notice to the Association of any change in existing policy or procedures, or of any new

policy or procedures, which affect wages, hours, terms or conditions of employment. Notification of such changes will be made in accordance with the policy adoption procedure of the Board.

C. CERTIFIED STAFF MEMBER RIGHTS

1. Files

a. Personnel Files. Upon 48 hours' prior notice and request to the Superintendent for Personnel or his/her designee, each Certified Staff member shall have the right to examine the contents of his/her personnel file in accordance with the provisions of the Illinois Personnel Records Review Act, 820 ILCS 40/1 et seq. There will be only one District personnel file maintained on each Certified Staff member except as otherwise required by law. These files shall be housed in the central office. Accessibility to these files will be managed by the Superintendent or designee. The confidentiality of these files shall be maintained to the extent permissible by law. This statement shall not be construed to hold the Board liable for any events not within their direct control. A Certified Staff member may obtain a copy of any item in his/her personnel file upon request. Written rebuttal may be made by any Certified Staff member to items in his/her file that have been, or may be used to evaluate him/her. A representative of the Association may, at the teacher's request, accompany the Certified Staff member in this examination. If an Association representative is present, then a District administrator shall also be present. It will be the responsibility of each Certified Staff member to review his/her file once each year.

b. Electronic Files. Personnel files that are electronically stored will be accessible at central office. Accessibility to these files will be managed by the Superintendent or designee. The confidentiality of these files shall be maintained to the extent permissible by law. This statement shall not be construed to hold the Board liable for any events not within their direct control.

2. Placement of Materials. Material used for evaluation or discipline purposes shall be placed in a teacher's file only after providing a copy to the Certified Staff member and within thirty (30) days of discovery of the event which prompted the creation of the document.

3. Parent and Student Complaints.

The procedure outlined herein shall be reviewed with staff during the first academic quarter of school. A complaint first received by central office staff or the Board which is appropriate for collaborative resolution shall be referred to the procedure below.

- (a) As soon as possible and no later than three (3) days after receipt thereof, a Certified Staff member shall be informed of all complaints from parents or students.
 - (1) The District shall first ask the complaining parent to set up an appointment for a conference with the Certified Staff member. Such conference may be conducted by telephone or in a meeting.
 - (2) If the parent is unwilling to meet with the Certified Staff member, the principal will ask the complaining parent to put the complaint and requested remedy in writing. A copy shall be provided to the Certified Staff member.
 - (3) If a parent, during an open meeting at the Board of Education, begins to criticize the performance of a particular Certified Staff member, the parent will be directed to first discuss the matter with the Certified Staff member and building administrator.
 - (4) The Certified Staff member may also request a conference to be held with the complaining parent and the principal to seek resolution of the problem. Conference times shall be arranged in consultation with the Certified Staff member and the complaining parent to the extent possible. If the parent is unavailable during regular working hours, the Certified Staff member and principal will attempt to make themselves reasonably available to accommodate the parents' schedule in arranging the meeting.
 - (5) If the complainant cannot or will not attend the conference within five (5) days after the conference request, the principal and the Certified Staff member shall discuss the complaint to determine its validity and seek a resolution to the problem.
 - (6) Whenever possible, Certified Staff will be advised of any resolution of a parent complaint prior to it being communicated to the parent by the principal, provided such resolution requires the Certified Staff member's involvement to implement. If a satisfactory resolution is reached at this time, the matter is deemed closed.

(b) Either party may request the presence of a member of the administrative staff or representative of the Association or both at the conference between the complainant and the teacher. If either party is not satisfied with the results of this conference, the following sequence of conferences shall be employed as deemed necessary:

- 1) Complainant-Certified Staff Member-Superintendent or his/her Designee,
- 2) Complainant- Certified Staff Member-Board.

Either party has three (3) days to request a conference at the next level. The Certified Staff member shall have the right to Association representation at any of the above conferences referenced in this Section.

4. Representation/Discipline. Discipline and discharge of Certified Staff shall be for just cause provided, however, that this provision shall not in any way restrict the Board's authority under Sections 10-22.4, 24-11, 24-12, or 24A-5 of the Illinois School Code of 1996, and actions taken by the Board pursuant to the Code, other than procedural defects in 24 A-5 remediation plans, shall not be subject to arbitration under this Agreement. Reprimands, whether verbal or written, and discipline shall be issued in a discreet manner and not in the presence of students, community members, or other staff members not involved in the related incident or the grievance procedure related to that specific incident, unless the health, safety, or welfare of a student or staff member is at risk.

5. Rules and Regulations. The administration will make every attempt to apply rules and regulations consistently and to notify all Certified Staff of important and appropriate rules and regulations.

6. Vacancies and Transfers.

(a) **POSTING OF VACANCIES** - Notices of all vacancies as they are anticipated, or any newly created position, shall be posted in all school buildings and on-line and a copy sent to the Association. No vacancies shall be filled, except in case of emergency, until such notice has been posted for at least ten (10) days. Both written and on-line notices shall be kept current and up-to-date. Such notice(s) shall be accompanied by a position description, a statement of minimum qualifications, building location (if known) and minimum salary. During the summer, notices of all vacancies, teaching or administrative, shall be mailed to the Association president within fifteen (15) days prior to the closing date for application for such vacancy or vacancies. Certified Staff interested in receiving

summer district vacancy notices shall submit a written request and three (3) stamped, self-addressed envelopes to the Personnel office by the close of the school year.

- (b) **VOLUNTARY TRANSFER** - Any Certified Staff member may apply for transfer to another grade level, department, or building where a vacancy exists or may submit a notification of interest in reassignment if a vacancy should arise. Such application shall be in writing to the Superintendent or designee. In their request for transfer, Certified Staff shall make known their interest, aspirations, and competence. If the Superintendent or his/her designee denies the request for transfer to a current vacancy, he/she shall set forth the denial in writing. Unsuccessful candidates will be notified within one (1) week of the position being filled.

(c) **EXTRA CURRICULAR VACANCIES**

Any vacancies in existing or newly created extracurricular positions shall be announced in writing in all buildings and a copy sent to the Association. No vacancies shall be filled, except in case of emergency, until such notice has been posted for at least five (5) days. During summer, notice of extracurricular vacancies shall be mailed to the Association president and shall be available at the district office.

- 7. **Committees.** The Association president and all buildings will be notified annually in writing of any committee whose membership in whole or in part will be comprised of District Certified Staff. The Certified Staff in each building shall elect their own representatives to the District Committees. The Association and administration may invite additional interested committee members as needed.

- (a) **NCLB** - There shall be created a NCLB Committee which will deal with all aspects of the teaching-learning situation either in the school or under the sponsorship of the district. The Committee shall consist of Administration, Board members, parents and two (up to three from the Junior High) Certified Staff from each building. The purposes and function of the Committee shall be to engage in planning the continuous improvement of curriculum and instruction within our district, to provide an additional means of communication among the Board, Administration, and Certified Staff on matters relating to curriculum and instruction, and to study and make recommendations on changes in the curriculum or instruction or the use of technology as it relates to curriculum and instruction.
- (b) **DRESS REGULATION** - An advisory committee consisting of four (4) Certified Staff (representatives from primary, intermediate,

Junior High and Specials) appointed by the Association and equal representation appointed by the Administration will meet after regular school hours to study and make recommendations, if any, regarding the possibility of setting specific standards of professional dress for teachers. The committee will present its written recommendations including minority reports, if any, to the Board of Education and the Association on an annual basis.

- (c) **LABOR-MANAGEMENT** - The Superintendent or his/her designee and the Association will meet at least twice annually for the purpose of discussing matters of mutual concern. The Board will be notified at the time a meeting is scheduled. Additional meetings may be scheduled at the request of either party. Each party shall submit to the other, on or before the Friday prior to the meeting, an agenda covering matters they wish to discuss.
- (d) **INSURANCE** - The Board and the Education Association agree that they shall continue to maintain a committee comprised of the Superintendent or designee and the Association President or designee, representatives from each school building, up to three administrators, and up to two board members, to study, analyze, and recommend a comprehensive health insurance program with Certified Staff member options, including recommendations relating to benefit levels to off-set increasing insurance costs.
- (e) **STUDENT DISCIPLINE** – the Committee shall consist of Administrative and Certified Staff from each building and parents. The Committee shall be established pursuant to the provisions of 105 ILCS 5/10-20.14 of the Illinois School Code and shall review and make recommendations for revising the Student Discipline Code as necessary, the implementation of the Student Discipline Code, and any other factors related to the safety of the schools, students and staff.
- (f) **DISTRICT LEADERSHIP TEAM** – The committee shall consist of the Association President or designee, one Certified Staff member from each building (up to two from the Junior High), the Superintendent or designee, up to three administrators, up to two Board members and up to two parents to discuss District issues, initiatives, concerns, etc. and integrate information into the District Improvement Plan.
- (g) **DISCRETIONARY COMMITTEES** – These committees may be formed on an “as needed” basis to discuss pending legislation, current events, emerging education trends, etc. Representation will be determined based upon the need as identified by the

Superintendent and Association President; an example of this type of committee would be the Joint Committee.

D. DISCIPLINE OF STUDENTS

Certified Staff and other certificated personnel shall maintain discipline in the schools, including school grounds which are owned or leased by the Board of Education and used for school purposes and activities.

The Administration and Board of Education of School District 144 as well as the Association recognize the seriousness of pupil discipline and the problems surrounding it. The District will continue its efforts to provide a productive and safe learning environment for its students and teachers.

The Employer shall support and assist Certified Staff with respect to the maintenance of control and discipline of students. With respect to students who are disruptive or who repeatedly violate rules and regulations, the Employer or its designated representative shall take steps to assist the Certified Staff member in a timely fashion. The affected Certified Staff member will be notified of the disposition of the referral as soon as practical.

The safety of students and Certified Staff of the District will be considered in all decisions involving student disciplinary matters. The District will keep an open dialogue with Certified Staff on issues involving student discipline. The District agrees that it will follow the reporting requirements set forth in the Illinois School Code, 105 ILCS 5/10-21.7 "Attacks on School Personnel."

E. ASSAULT ON CERTIFIED STAFF - PROCEDURES

1. Reporting. Any case of assault, battery, and/or intimidation upon a Certified Staff member shall be promptly reported in writing by the Certified Staff member to the building principal/designee. (See Appendix E.) The principal shall report the assault to the Board/Designee and will also inform the Certified Staff member at the time it is reported. The Certified Staff member will be told whenever the District has made a report pursuant to 105 ILCS 5/10-21.7 "Attacks on School Personnel." Upon the affected Certified Staff member's request, the Board/Designee will reasonably assist the Certified Staff member in cooperating with law enforcement and judicial authorities.
2. Maintaining Records. The central office shall keep accurate and detailed records of each reported and substantiated case of students' assault, battery, serious threat or intimidation of any Certified Staff member. The Superintendent or his/her designee shall share a statistical summary of such records, exclusive of student identities, with the Association quarterly, upon the Association's request.

3. In any case of assault upon a Certified Staff member, the appropriate District administrator shall advise the Certified Staff member of his or her rights and obligations and render assistance as to handling the incident by law enforcement and judicial authorities.

F. CERTIFIED MEMBER ASSUALT ON STUDENT (S) – PROCEDURES

Any case of assault, battery, and/or intimidation upon a student will require Certified Staff members to refer to the District's procedural manual.

G. BOARD RIGHTS

The Association recognizes that the Board has the full authority and responsibility to direct the District's operations and determine policy except as limited by this Agreement and applicable statutes. The Board retains and reserves unto itself all powers, rights, authority, duties, and responsibilities conferred upon and vested in it by the statutes of the state of Illinois except as provided herein.

ARTICLE III - EFFECT OF AGREEMENT

A. COMPLETE AGREEMENT

The parties acknowledge that during the negotiations which preceded this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining. The understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Except as may be stated in this Agreement, each party voluntarily waives the right, and each agrees that the other shall not be obligated, to bargain collectively with respect to any subject or matter which was known to the parties at the time this Agreement was negotiated. The terms and conditions of this Agreement may be altered, changed, added to, deleted from, or modified only through the voluntary mutual consent of the parties in a written amendment executed and ratified by both parties to this Agreement.

B. SAVINGS

Should any article, section, or clause of this Agreement be declared illegal by a court of competent jurisdiction, or by the Illinois Educational Labor Relations Board, or future legislative action, said article, section, or clause, as the case may be, shall be automatically deleted from this Agreement to the extent that it is ruled in violation of the law. The remaining articles, sections, and clauses shall remain in full force and effect for the duration of the Agreement if not affected by the legally defective article, section, or clause.

C. APPROVED AGREEMENT WAIVER

Any provisions of this Agreement may be waived or modified, in writing, by mutual agreement of the administration, Certified Staff member(s), and Association. If the waiver is approved, all parties shall sign the waiver; Superintendent, Association President, and Certified Staff member(s). If the waiver concerns a change that affects all of the Certified Staff in a particular building, at least 80% must sign the waiver agreement. The approved waiver automatically terminates at the conclusion of the school year, and shall not be considered precedential, unless otherwise agreed.

ARTICLE IV - NO STRIKE

The Association hereby agrees not to strike, participate in any concerted refusal to render full and complete services, or participate in any activity that would unlawfully disrupt the operation of the schools.

ARTICLE V - GRIEVANCE PROCEDURE

A. DEFINITION

1. Grievance. A grievance is defined as a complaint of an alleged violation, misinterpretation, or inequitable application of any provision of this Agreement.
2. Grievant. A "grievant" is defined as a) a Certified Staff member; b) group of Certified Staff; or c) the Association on behalf of: (i) a specific, named Certified Staff member, (ii) Certified Staff in a specific, named building, or (iii) a specific, identifiable class of Certified Staff.

B. PRINCIPLES

1. Right to Grieve. Every Certified Staff member covered by this Agreement shall have the right to present grievances in accordance with these procedures, with or without representation of the Association. Nothing contained in this article or elsewhere in this Agreement shall be construed to prevent any individual Certified Staff member from discussing a problem with the administration and having it resolved without intervention of representation by the Association.
2. No Retaliation. A Certified Staff member who participates in these grievance procedures shall not be subjected to discipline or reprisal because of such participation.
3. Failure to Meet Time Limits. The failure of a Certified Staff member or the Association to act on any grievance within the prescribed time limits will

act as a bar to any further appeal and an administrator's failure to give a decision within the time limits shall permit the grievant to proceed to the next step. The time limits, however, may be extended by mutual agreement.

4. Right to Representation. Any Certified Staff member has a right to be represented by the Association at any step in the grievance procedure. The Certified Staff member shall be present at any grievance discussion when the administration, Association, or Board deems it necessary. When the presence of a Certified Staff member at a grievance hearing is requested by either party, illness or other incapacity of the Certified Staff member shall be grounds for any necessary extension of grievance procedure time limits.
5. Union's Right to Grieve. In any instance where the Association is not represented in the grievance procedure after step one; the Association will be notified of the final disposition of the grievance. Any final disposition of grievance in conflict with the Agreement shall be grievable by the Association.
6. Time and Place of Hearing. Hearings and conferences under this procedure shall be conducted at a time and place which will afford a fair and reasonable opportunity for all persons, including witnesses entitled to be present to attend; and will be held, insofar as possible, after regular school hours or during non-teaching time of personnel involved. When such hearings and conferences are held at the option of the administration during school days, all Certified Staff whose presence is required shall be excused with pay for that purpose.
7. No Interference with Work. It is agreed that any investigation or other handling or processing of any grievance by the grieving Certified Staff member or Association representatives shall be conducted so as to result in no interference with or interruption whatsoever of the instructional program and related work activities of the teaching staff.
8. Calculation of Time Limits. All time limits in this article shall be calculated in calendar days. These calendar days shall be calculated in accordance with the definition of "days" contained in Article I of this Agreement.
9. Acceleration of Procedures. Any step of the Grievance Procedure may be bypassed by written mutual agreement of the parties.

C. PROCEDURES

1. *Informal Step.* The Certified Staff member, Association Representative, if requested by the Certified Staff member, and supervisor shall attempt to resolve the problem through discussion in an informal manner.
2. *First Step.* If the problem cannot be resolved informally, the grievant shall file a grievance in writing. The written grievance should state the nature of the grievance, should note the specific clause or clauses of the Agreement allegedly violated, and should state the remedy requested. The filing of the grievance at the second step must be within twenty-five (25) days from the date of the occurrence giving rise to the grievance or within twenty-five (25) days from the date the Certified Staff member reasonably should have become aware of the occurrence giving rise to the grievance. Not later than five (5) days following receipt of the written grievance, the grievant and the appropriate supervisor will set a meeting date at a mutually agreeable time. The principal or other administrator who has authority to make a decision on the grievance shall make such decision and communicate it in writing to the Certified Staff member and the superintendent within ten (10) days.
3. *Second Step.* In the event a grievance has not been satisfactorily resolved at the first step the grievant shall file, within seven (7) days of the appropriate supervisor's written decision or answer at the second step, a copy of the grievance with the superintendent and the Board. Within ten (10) days after such written grievance is filed, the aggrieved, representative of the aggrieved as desired, the appropriate supervisor, and the superintendent or his designee shall meet to resolve the grievance. Purpose

Pursuant to 105ILCS 5/24-A of the Illinois School Code, the purpose of this Evaluation Plan is to promote a positive and collaborative environment dedicated to improving professional growth. Continuous feedback is critical for teachers to excel in their area of assignment.

While the primary focus of the evaluation process is to improve instruction, it is inherent that teachers meet the established performance expectations. This process must be continuous, rigorous, and constructive occurring in a collaborative environment built upon mutual respect and trust. This process is a cooperative effort on both the part of the evaluator and the teacher. Honest, reflective and productive dialogue between staff and supervisors will promote the growth and development of enriched instruction.

The building principal or immediate supervisor shall provide written notice of the evaluation standards, measures, procedures and instruments to each teacher subject to evaluation during a particular school year by the first student attendance day or, if hired after the start of the school year, no later than 30 days after execution of the teacher's employment contract. No formal observation may take place until written notice has been issued.

Teacher Evaluation Plan Components

- A. All non-tenured teachers will be evaluated at least once every school year.
- B. All tenured teachers will be evaluated at least once every two (2) years. If a tenured teacher is not being evaluated in a given year, that year will be a goal setting year. However, any tenured teacher whose performance is rated as either "needs improvement" or "unsatisfactory" will be evaluated at least once in the school year following receipt of such rating. The District reserves the right to evaluate a tenured teacher during any school year, even if such school year is not a scheduled evaluation year for that teacher.
- C. Number of Classroom Observations (unless no classroom duties):
 - Tenured teachers whose last summative performance evaluation rating was "excellent" or "proficient": at least 2 observations, 1 of which must be a formal observation;
 - Tenured teachers whose last summative performance evaluation rating was "needs improvement" or "unsatisfactory": at least 3 observations, 2 of which must be formal observations; and
 - Non-tenured teachers: at least 3 observations, 2 of which must be formal observations.

Notification of the date and time of the formal observation will be given to the teacher a minimum of five (5) school days prior to the observation.

- D. A pre-conference will be held at least two (2) school days prior to the formal observation.
- E. Formal Observations: Each teacher being formally observed will be observed in their classroom for a minimum of forty-five (45) consecutive minutes; a complete lesson; or one (1) entire class period. If the evaluator does not start the observation at the established time, the observation begins at the time the evaluator enters the classroom, and the teacher is not penalized if any portion of the lesson was not observed.
- F. The post-conference meeting should be held no later than five (5) school days after the formal observation. Written feedback shall be provided to the teacher. If evidence collected could result in a “needs improvement” or “unsatisfactory” rating, the teacher will be notified of such in the written feedback.
- G. Informal Observations: The evaluator shall provide the teacher with oral or written feedback. If written feedback is provided, the evaluator must provide the teacher with an opportunity for in-person discussion. If evidence gathered during an informal observation will be considered by the evaluator as part of the teacher’s summative evaluation rating, it must be documented in writing and provided to the teacher.
- H. Definition of ratings:
 - a. **Excellent** –. Teachers performing at the Excellent level are master teachers and make a contribution to the field, both in and outside their school. Their classrooms operate at a qualitatively different level from those of other teachers. Such classrooms consist of a community of learners, with students highly motivated and engaged and assuming considerable responsibility for their own learning. The Excellent teacher is self-directed, always takes initiative, and is an asset to the students and the school community.
 - b. **Proficient** –The teacher performing at the Proficient level clearly understands the concepts underlying the component and implements it well. Proficient teachers have developed an understanding of classroom dynamics and are alert to events that don’t conform to the expected pattern. A proficient teacher is self-directed, frequently takes initiative, and impacts positively upon the students and the school environment.
 - c. **Needs Improvement**-The teacher performing at the Needs Improvement level appears to understand the concepts underlying the component and attempts to implement the elements. However,

implementation is sporadic, intermittent, or otherwise not entirely successful. The educator accepts responsibilities and usually impacts positively upon students and the school environment.

- d. **Unsatisfactory**-The teacher performing at the Unsatisfactory level does not yet appear to understand the concepts underlying the component (s). Working on the fundamental practices associated with the elements will enable the teacher to grow and develop in this area. In some areas of practice, performance at the Unsatisfactory level represents teaching that is below the licensing standard of “do no harm” which requires direct intervention by an administrator.

I. Teacher Performance: documentation of evaluation (including the domain form and the observation form) must be completed in their entirety by the evaluator.

PHESD144 has developed the District Evaluation Plan to include the following per Senate Bill 7:

- A. Teacher job duties/descriptions: see Appendix E**
- B. Teachers’ attendance, as it relates to their daily attendance and extra-curricular events shall be taken into consideration as identified in Domain 4G – Following District Initiatives.**
- C. Illinois Professional Teaching Standards (see below)**

Illinois Professional Teaching Standards

Preamble:

We believe that all students have the potential to learn rigorous content and achieve high standards. A well-educated citizenry is essential for maintaining our democracy and ensuring a competitive position in a global economy. The Illinois Professional Teaching Standards should reflect the learning goals and academic standards which are established for Illinois students.

We believe that the Illinois educational system must guarantee a learning environment in which all students can learn. The environment should nurture their unique talents and creativity; understand, respect, and incorporate the diversity of their experiences into the learning process; and cultivate their personal commitment to enduring habits of life-long learning. The Illinois Professional Teaching Standards should reflect the increasing diversity of the Illinois student population which requires greater understanding by teachers of learning theories, developmental levels and cultural backgrounds.

We believe that Illinois must strive to ensure excellence in teaching for all students by establishing professional licensing standards and learning opportunities which will enable all teachers to develop and use professional knowledge and skills on behalf of students. The Illinois Professional Teaching Standards should reflect the changing resources available for teaching, such as technology and community options and the new expectations for accountability and the accompanying need for an understanding of assessment strategies.

We believe that these standards and opportunities should enable teachers to support the intellectual, social, emotional, ethical, and physical development of students, to respond with flexibility and professional judgment to students’ different needs; and to actively engage students in their own learning so that they can use and generate knowledge in effective and powerful ways. The Illinois Professional Teaching Standards should reflect the changing role of the teacher, from instructor to learning guide and coach.

We believe that teaching and learning should connect ideas and disciplines to each other and to the personal experiences, environments, and communities of students. Consequently, the process of teaching must be dynamic and reciprocal, responding to the many contexts within which students learn. Such teaching demands that teachers integrate their knowledge of subjects, students, community, and curriculum to create a bridge between learning goals and students' lives. The Illinois Professional Teaching Standards should reflect the changing character of the curriculum, from isolated subjects to an integration of knowledge areas and thinking strategies.

We believe that professional teachers assume roles that extend beyond the classroom and include responsibilities for connecting to parents and other professionals, developing the school as a learning organization, and using community resources to foster the education and welfare of students. The Illinois Professional Teaching Standards should reflect the changing character of the school as a workplace from individual isolation to collegiality and a learning community. These Standards should reflect the need for collaboration, cooperation, and shared responsibility between the school and the family, and between the school and the community.

We believe that teachers' professional development is a dynamic process extending from initial preparation over the course of an entire career. Professional teachers are responsible for planning and pursuing their ongoing learning, for reflecting with colleagues on their practice, and for contributing to the profession's knowledge base. Illinois and local education agencies must be responsible for investing in the growth of knowledge for individual teachers and the profession as a whole, and for establishing policies, resources, and organizational structures that guarantee continuous opportunity for teacher learning.

If the scores within a Domain result in more than one possible rating for that Domain, the lower rating will apply. [Example: In Domain 1, a teacher who receives 2 “unsatisfactory” ratings and 5 “proficient” ratings will be given an “unsatisfactory” for Domain 1.]

Overall Performance Evaluation Rating

Criteria (look at the four domain scores for the overall performance evaluation rating):

1. An “unsatisfactory” score in any single domain will result in an overall performance evaluation rating of “unsatisfactory”.
2. Subject to section 1 above, two or more needs improvement domain scores will result in an overall performance evaluation rating of “needs improvement”, except that, a single “needs improvement” rating in Domain 2 “classroom environment” or Domain 3 “Instruction” will result in an overall rating of “needs improvement.”
3. Subject to sections 1 and 2 above, three or more “proficient” domain scores will result in an overall performance evaluation rating

of "proficient".

4. Subject to sections 1 and 2 above, three or more "excellent" domain scores will result in an overall performance evaluation rating of "excellent," except that, the rating will be "proficient" if the teacher receives a score of "needs improvement" in either Domain 1 "Preparation" or Domain 4 "Professionalism."

5. Subject to sections 1 and 2 above, evaluations in which the domain scores are evenly split between "excellent" and "proficient" will result in an overall rating of "proficient".

- J. Teachers will receive a completed copy of the written summative evaluation document at the post-conference.
- K. A copy of the completed written evaluation signed by both parties shall be retained in the teacher's personnel file. A copy will also be provided to the teacher. In no case shall the teacher's signature mean that he/she necessarily agrees with the contents of the evaluation, only that it has been discussed. If the teacher feels that the written evaluation is incomplete or inaccurate, the teacher may put the objections in writing and have them placed in his/her personnel file.

"Needs Improvement" Evaluations (Only for tenured teachers)

Within 30 school days after a summative evaluation has been reduced to writing resulting in a rating of "needs improvement" of a tenured teacher, a Professional Development Plan (PDP) shall be developed. The PDP must identify and target the performance areas that require improvement and the supports provided by the District to address the performance deficiencies.

- The PDP shall be developed by the evaluator, in consultation with the evaluated teacher and must take into consideration the tenured teacher's on-going professional development responsibilities, including his or her regular teaching assignments.
 - The PDP may include, but not be limited to, professional seminars, articles, webinars, etc.
- The PDP shall provide for:
 - A length of generally 60 school days.
 - At the end of the first 30 days, the administrator must meet the certificated tenured individual to assess the individual's progress. The administrator may observe the individual and provide written feedback in accordance with evaluations. Informal observations that will impact the 60 day observation must be provided to the teacher in writing.

- Evaluation and performance ratings will be conducted during the school year following the “needs improvement” rating.
- The tenured teacher must receive a “proficient” or better performance evaluation rating to be reinstated to the regular tenured teacher evaluation cycle.

Unsatisfactory Evaluations (Only for tenured teachers)

Within 30 school days after a summative evaluation has been reduced to writing, resulting in a rating of “unsatisfactory” of a tenured teacher, a remediation plan shall be developed and initiated by the District to correct the areas identified as unsatisfactory, provided the deficiencies are deemed remediable, as outlined in Section 24A-5 of the Illinois School Code.

The teacher will receive a remediation plan written by the evaluating administrator. This plan will be presented and explained to the teacher under remediation by the evaluating administrator, reflecting the initial administrative evaluation of ‘unsatisfactory’.

A. Remediation Plan

1. 90 school days of remediation in the classroom.
2. The remediation plan shall provide for evaluation midpoint and final evaluation to occur during the 90 school days immediately following the teacher’s receipt of a remediation plan following an “unsatisfactory” evaluation rating.
 - a. Should an evaluation schedule require an evaluation before the close of the school year, such evaluation shall be scheduled to occur no later than two (2) weeks prior to the close of the current school year.
 - b. Should an evaluation schedule require an evaluation after the close of the school year, such evaluation shall be scheduled to occur no later than two (2) weeks after the students’ attendance commences in the following school year.
 - c. Failure to comply strictly with the timelines for the required evaluations because of events such as summer months, illness, or certain leaves granted teachers under a remediation plan shall not invalidate the results of the remediation plan.
3. The evaluations shall be conducted by a qualified administrator.
4. The evaluating administrator shall conduct all evaluation meetings including final evaluation meeting which is held at the conclusion of the 90 school day remediation period.

5. A written copy of the evaluations and ratings shall be provided to and discussed with the teacher at least 10 school days after the date of the evaluation.

Teacher's plans and practice display little understanding of prerequisite relationships important to student learning of the content. Teacher displays little or no understanding of the range of pedagogical approaches suitable to student learning of the content.	Teacher is familiar with the important concepts in the discipline but displays lack of awareness of how these concepts relate to one another. Teacher's plans and practice indicate some awareness of prerequisite relationships, although such knowledge may be inaccurate or incomplete. Teacher's plans and practice reflect a limited range of pedagogical approaches to the discipline or to the students.	Teacher displays solid knowledge of the important concepts in the discipline and the ways they relate to one another. Teacher's plans and practice reflect accurate understanding of prerequisite relationships among topics and concepts. Teacher's plans and practice reflect familiarity with a wide range of effective pedagogical approaches in the discipline.	Teacher displays extensive knowledge of the important concepts in the discipline and the ways they relate both to one another and to other disciplines. Teacher's plans and practice reflect understanding of prerequisite relationships among topics and concepts and provide a link to necessary cognitive structures needed by students to ensure understanding. Teacher's plans and practice reflect familiarity with a wide range of effective pedagogical approaches in the discipline, anticipating student misconceptions.
Critical Attributes	Teacher makes content errors. Teacher does not consider prerequisite relationships when planning. Teacher's plans use inappropriate strategies for the discipline	Teacher is familiar with the discipline but does not see conceptual relationships. Teacher's knowledge of prerequisite relationships is inaccurate or incomplete. Lesson and unit plans use limited instructional strategies, and some may not be suitable to the content.	The teacher can identify important concepts of the discipline and their relationships to one another. The teacher consistently provides clear explanations of the content. The teacher answers student questions accurately and provides feedback that furthers their learning. The teacher seeks out content-related professional development. 1e: Designing Coherent Instruction	<p>The series of learning experiences is poorly aligned with the instructional outcomes and does not represent a coherent structure. The activities are not designed to engage students in active intellectual activity and have unrealistic time allocations. Instructional groups do not support the instructional outcomes and offer no variety.</p>	<p>Some of the learning activities and materials are suitable to the instructional outcomes and represent a moderate cognitive challenge but with no differentiation for different students. Guidesheet for Developing Goal Setting Plans

Goal Setting Plans should be developed to address an identified need related to student learning and Teacher skill improvement. Professional goals should represent new learning for the Teacher and go beyond implementation of district curriculum or initiatives. Both forms in the Goal Setting Plan represent a critical component for developing new learning skills and supporting improvement in student learning.

Goal Setting Form 1 focuses upon reflecting on professional strengths and growth opportunities and helps to select one key area to target for improvement. Goal Setting Form 2 is the Action Plan that supports certified staff in implementation and improvement of the targeted Teacher effectiveness area.

Goal Setting Form 1: To develop a professional goal, certified staff are encouraged to **reflect on data regarding past professional skills and student needs**, i.e., past evaluations, self-assessment based on Framework for Teaching, School Improvement Goals, District Goals, grade level data, classroom assessments (both formative and summative) and feedback from others. Using the Goal Setting Form 1 will support certified staff to determine an area of new learning to be used in Goal Setting Form 2.

Goal Setting Form 2: Develop IGP Action Plan. Complete the following parts of the action plan:

- **Professional Growth Goal:** Decide on the goal, how the goal will be measured, and the documentation needed.
- **District or School Improvement Goal:** List any district and/or school goal that links to your Individual Growth Plan goal in “District/School Improvement Goal” Box.
- **Indicators of Success:** Please describe what will change in your professional practice and how this goal will improve student learning. Indicators should describe the anticipated change in student performance if the goal is successfully completed.
Examples: changes in students’ transition behaviors; decreases in student misbehavior; increases in formative assessment results or student proficiency.
- **Action Steps/Activities:** Describe specific, aligned action steps that will be implemented to support the Goal.
- **Timelines:** Align timelines to the specific actions listed in Action Steps
- **Resources:** Brainstorm resources that align to the activities.
- **Signatures:** Evaluator should review and sign the Goal Setting Plan to confirm that they have read and conferenced with the individual Teacher about the plan.
